

# *Fire Safety Can Be Fun!*

---

We have tried to make learning about safety fun. The following list of pages offers games and coloring pages that help teach young children about fire and water safety, about storm safety, bicycle safety and staying away from drugs. You will need the free [Adobe Acrobat Reader](#) to access and print these pages. When you click on the PDF links on this site, the files will open in a new window.

Some of these graphic files are fairly large, so we have indicated the file sizes by the names of the documents. Pick the ones that are appropriate for your child.
