## **~60<sup>TH</sup> ANNIVERSARY EVENT SCHEDULE - MARK YOUR CALENDARS!**

The City is turning 60 in 2017 and we are celebrating our way through the decades.

We will kick off the celebration on Elvis's birthday, JANUARY 8, 2017 with a Sock Hop to celebrate the 50's at the Community Center from 1-4pm.

We will rock our way to the 60's on MARCH 4, 2017 from 9a 4pm at the annual Island Festival at the Gulf Beaches Historical Museum in Pass-A-Grille.

We will salute our Veterans on MAY 6, 2017 70's style at Horan Park from 11-5pm in partnership with the Veterans of South Pinellas.

On JULY 9, 2017, we will celebrate 60 years at a champagne brunch at the Don Cesar Hotel

On OCTOBER 6, 2017, we will rock our way through the 90's at the kick-off concert for the Friday night October concert series in Horan Park from 7-9pm.

We will end the year-long celebration on DECEMBER 1, 2017 at the annual tree lighting/boat parade viewing party in Horan Park from 6-8pm.

For more information, contact Jennifer McMahon, Recreation Director, at 727.363.9274 or [rddirector@stpetebeach.org](mailto:rddirector@stpetebeach.org).

**~A MESSAGE FROM DUKE ENERGY~** Several business owners have reported receiving unsolicited calls from some-one who falsely claims to be a Duke Energy representative. The thief tells the customer his or her account is past due and service will be disconnected if a large payment isn't made - usually within less than an hour. A similar scam was reported by customers this past fall in both the Tampa Bay and Orlando areas. In all the recent instances, the scammers request the same type of payment:

The thief instructs the customer to purchase a pre-paid debit or credit card - widely available at retail stores - then call him or her back to supposedly make a payment to Duke Energy. The scammer asks the customer for the prepaid card's receipt number and PIN number, which grants instant access to the card's funds. Some of these criminals also use caller ID spoofing to replicate Duke Energy's customer service number.

Duke Energy never asks or requires either business or residential customers who have delinquent accounts to purchase a prepaid card to avoid electric service disconnection. Customers have multiple payment options: online, phone, automatic bank draft, mail, or in person. In addition, Duke Energy customers with delinquent accounts receive written notifications from the company prior to electric service disconnection - never just a single notification by phone one hour before disconnection.

Any customer who experiences these types of calls should report the activity first to local authorities, and then to Duke Energy Florida at 800-700-8744.

**~CITY OFFICES WILL BE CLOSED THURSDAY AND FRIDAY NOVEMBER 24-25TH IN OBSERVANCE OF THE THANKSGIVING HOLIDAY.**

# Thanksgiving Safety

The kitchen is the heart of the home, especially at Thanksgiving. Kids love to be involved in holiday preparations. Safety in the kitchen is important, especially on Thanksgiving Day when there is a lot of activity and people at home.

- » Stay in the kitchen when you are cooking on the stovetop so you can keep an eye on the food.
- » Stay in the home when cooking your turkey and check on it frequently.
- » Keep children away from the stove. The stove will be hot and kids should stay 3 feet away.
- » Make sure kids stay away from hot food and liquids. The steam or splash from vegetables, gravy or coffee could cause serious burns.
- » Keep the floor clear so you don't trip over kids, toys, pocketbooks or bags.
- » Keep knives out of the reach of children.
- » Be sure electric cords from an electric knife, coffee maker, plate warmer or mixer are not dangling off the counter within easy reach of a child.
- » Keep matches and utility lighters out of the reach of children — up high in a locked cabinet.
- » Never leave children alone in room with a lit candle.
- » Make sure your smoke alarms are working. Test them by pushing the test button.

## Did you know?

Thanksgiving is the leading day of the year for home fires involving cooking equipment.

**Have activities** that keep **kids out of the kitchen** during this busy time. Games, puzzles or books can keep them busy. Kids can get involved in Thanksgiving preparations with recipes that can be done **outside** the kitchen.

# Cooking Fire Safety

With an average of 445 daily fires, cooking is the leading cause of home fires and home fire injuries according to NFPA's Home Fires Involving Cooking Equipment Report & NFIRS data.

## Did you know...

U.S. fire departments respond to an average of **162,400** home fires per year involving cooking equipment.

**Thanksgiving** is the leading day for home fires involving cooking equipment, with 3 times the average number!

**2/3** of American households cook at least one hot meal per day.

## Contributing Factors

Ranges or cook-tops account for almost **3 of every 5** reported home fires involving cooking equipment.

Ovens account for 13%.

### Unattended cooking

is a contributing factor in 34% of home fires related to cooking equipment, 46% of the associated deaths and 46% of the associated injuries.

34% 46% 46%

Fires Deaths Injuries

Something that could catch fire was **too close** to the equipment in 10% of cooking fires and 22% of deaths.

## Trends among those injured or killed

**54%** of civilians injured in home fires involving cooking equipment were hurt while attempting to fight the fire themselves.

Adults aged **75 or over** faced a higher risk of cooking fire death than other age groups.

**Children under 5** were more likely to be hurt by touching hot cooking equipment or scalded by hot liquids than by actual fire.
