

Every other year the City evaluates the streets using a Pavement Condition Index. The PCI rates the streets on a scale of 1 (very poor) to 100 (brand new). Streets for the annual paving program are selected utilizing the PCI values. This year our paving program is addressing street conditions varying from PCI 11 to PCI 63. This year the paving list is coordinated with the sanitary sewer pipe repair program. We will not pave a street until the sanitary sewer pipes are fully repaired. Below is the list of streets scheduled for paving this year. Paving is expected to begin in March.

<b>STREET NAME</b>	<b>FROM</b>	<b>TO</b>
<b>39th Ave</b>	Poinsetta	Clearview
<b>El Centro</b>	37 Ave	36 Ave
<b>36th Ave</b>	El Centro	DE
