

Addendum #1 – Banking Services RFP Correction

6/15/18

Correction regarding charter requirements:

The intent of this addendum is to correct language in the original RFP referring to bank charter requirements located on page 3:

Responding banks must:

- Be a financially sound Federal or ~~Florida-chartered~~ state-chartered bank

The effect of this addendum is to allow proposals from banks chartered by states located outside of Florida, provided the remaining minimum qualifications are met.
