ST. PETE BEACH COMMUNITY YARD SALE SPACES ON SALE NOW- The St. Pete Beach Community Center, 7701 Boca Ciega Dr is hosting a Community Yard Sale on Saturday, September 17th from 8a-12pm. The cost for the 10' x 10' space is \$15 for SPB Residents and \$17.50 for Non Residents. Spaces go on sale August 1st. For more information or to reserve your space, contact the Community Center at (727) 363-9245. Spaces will sell out so act fast.

~HAZARD TO NAVIGATION—BOCA CIEGA BAY—SUBMERGED 38' POWER BOAT— Please be advised of a submerged 38' power boat located about 100 yards off of Green Marker #1 near the channel entrance to Pasadena Yacht & Country Club in Boca Ciega Bay. The submerged vessel is lying to the east (towards Gulfport) in 8' of water and barely visible. This is a serious night time navigation hazard. The United States Coast Guard has been advised, but this could take several weeks to remove.

^(a)Hurricane make-up days

* Professional development days, teacher planning days and trade days will be determined by District, PCTA, and Professional Development collaborative agreement and will be posted on the 2016-17 Staff Calendar.

Grilling Safety

There's nothing like outdoor grilling. It's one of the most popular ways to cook food. But, a grill placed too close to anything that can burn is a fire hazard. They can be very hot, causing burn injuries. Follow these simple tips and you will be on the way to safe grilling.

SAFETY TIPS

- » Propane and charcoal BBQ grills should only be used outdoors.
- » The grill should be placed well away from the home, deck railings and out from under eaves and overhanging branches.
- » Keep children and pets at least three feet away from the grill area.
- » Keep your grill clean by removing grease or fat buildup from the grills and in trays below the grill.
- » Never leave your grill unattended.
- » Always make sure your gas grill lid is open before lighting it.

CHARCOAL GRILLS

- » There are several ways to get the charcoal ready to use. Charcoal chimney starters allow you to start the charcoal using newspaper as a fuel.
- » If you use a starter fluid, use only charcoal starter fluid. Never add charcoal fluid or any other flammable liquids to the fire.
- » Keep charcoal fluid out of the reach of children and away from heat sources.
- » There are also electric charcoal starters, which do not use fire. Be sure to use an extension cord for outdoor use.
- » When you are finished grilling, let the coals completely cool before disposing in a metal container.

PROPANE Grills

Check the gas tank hose for leaks before using it for the first time each year. Apply a light soap and water solution to the hose. A propane leak will release bubbles. If your grill has a gas leak, by smell or the soapy bubble test, and there is no flame, turn off both the gas tank and the grill. If the leak stops, get the grill serviced by a professional before using it again. If the leak does not stop, call the fire department. **If you smell gas while cooking, immediately get away from the grill and call the fire department.** Do not move the grill.

If the flame **goes out**, turn the grill and gas off and wait at least **5 minutes** before re-lighting it.

FACTS

- ! July is the peak month for grill fires.
- ! Roughly half of the injuries involving grills are thermal burns.
