To: Building Official, St Pete Beach Building Department

RE: ( SITE ADDRESS )  
( PERMIT # )

RE: Compliance letter for ( INSPECTION TYPE )

I personally inspected the \_\_\_\_\_ at the above named project and confirmed that it is built according to the ( approved plan and/or manufacturer's specifications ) and ( Florida Building Code 2017 or National Electrical Code 2014 ).

OPTIONAL: You may add additional details about the work completed, such as: termite treatment for foundations, types of fasteners used, rebar sizing, manufacturer's minimum requirements for fastening, etc.

To the best of my knowledge, the above items meet the intent of FBC 2017. I therefore request that this inspection be approved for compliance with FBC 2017.
