May 28, 2016

The Honorable Mayor and City Commission
City of St. Pete Beach, Florida

The Comprehensive Annual Financial Report of the City of St. Pete Beach, Florida, for the fiscal year ended September 30, 2015, is submitted herewith pursuant to Florida law and the Rules of the Auditor General of the State of Florida. This Annual Financial Report was prepared by the Finance Division and represents the official report of the City's financial condition and results of operations to the citizens of St. Pete Beach, City Commission, City administrative personnel, investment firms, rating agencies, and other interested persons.

Responsibilities for both the accuracy of the presented data and the completeness of the presentation, including all disclosures, rest with the City. We believe the data is accurate in all material aspects; that it is presented in a manner designed to fairly set forth the financial position and results of the City's operations as measured by the financial activity of its various funds; and that all disclosures necessary to enable the reader to gain the maximum understanding of the City's financial activity have been included.

To provide a reasonable basis for making these representations, management maintains an internal control structure that provides reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statement in accordance with accounting principles. The concept of reasonable assurance recognized that the cost of a control should not exceed the benefits likely to be derived and the valuation of costs and benefits requires estimates and judgments by management. We believe that the City's internal accounting controls adequately safeguard assets and provide assurance of proper recording of financial transactions.

The City's financial statements have been audited by Wells, Houser & Schatzel, P. A., a firm of certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City of St. Pete Beach for the year ended September 30, 2015 are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the City of St. Pete Beach's financial statements for the fiscal year ended September 30, 2015, and are fairly presented in conformity with generally accepted accounting principles. The independent auditor's report is presented as the first component of the financial section of this report on Page 1.

Generally accepted accounting principles require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis. This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The City of St. Pete Beach's MD&A can be found immediately following the Report of the Independent Auditor.

THE REPORTING ENTITY

The funds related to the City of St. Pete Beach that are included in our Comprehensive Annual Financial Report represent those funds for which the primary government is financially accountable. There are no other entities or organizations for which the City of St. Pete Beach is financially accountable that should be included in the Comprehensive Annual Financial Report. The criteria used in determining the reporting entity are consistent with the Government Accounting Standards Board (GASB) Statement 14, which defines a reporting entity. Based on these criteria, the various funds (being all the funds of the City) shown in the Table of Contents are included in this report.

PROFILE OF THE GOVERNMENT

The City of St. Pete Beach is a busy resort community located on a barrier island with direct access to the Gulf of Mexico and connects to the mainland near St. Petersburg by a free causeway and to the other barrier islands by bridges. In 1957 all four towns on Long Key merged into St. Petersburg Beach. The City of St. Petersburg Beach was chartered in 1957. In an effort to keep its identity separate from the City of St. Petersburg, the City changed its name to St. Pete Beach in 1994.

The City operates under the City Commission/City Manager form of government. The City Commission is composed of a mayor and four commission members and as a group is responsible for enacting ordinances, resolutions, and regulations governing the City, as well as appointing members to various statutory and advisory boards, the City Manager, the City Attorney and the City Clerk.

The City has a land area of approximately two and one quarter square miles and a year round resident population of 9,373. The beautiful beaches of the City are a major attraction. The population swells during full season with a combination of seasonal residents and vacationers.

The City provides the full range of municipal services normally associated with a city of its size, including fire and emergency medical protection, street construction and maintenance, planning and zoning, recreation and parks, library, as well as general administrative services. In addition, wastewater services, reclaimed water and stormwater management are provided under the enterprise fund concept whereby user charges are set by the City Commission to ensure adequate coverage of operating expenses and payments of outstanding debt as well as the recovery of the cost of capital improvements through the recognition of depreciation. On January 6, 2013 the City dissolved the police department and contracted with the Pinellas County Sheriff's Office for police protection. Pinellas County provides potable water and jail/court systems.

The annual budget serves as the foundation for the City's financial planning and control. Department directors are required to submit their budget requests to the City Manager, who then uses these requests as the starting point for developing a proposed budget. The City Manager is required by the City Charter to present the proposed budget to the City Commission. The City Commission is required to hold public hearings on the proposed budget and to adopt a final budget by September 30, the close of the City's fiscal year. The appropriated budget is prepared by fund and department. The City Manager may transfer any unencumbered appropriation or portion thereof between classifications of expenditures within a department. The City Commission may, by ordinance, make additional appropriations or transfer any unencumbered appropriation from any department or from reserves to another department. Budget to actual comparisons are provided in this report for each individual governmental fund for which an appropriated annual budget has been adopted.

LOCAL ECONOMY AND OUTLOOK

The City of St. Pete Beach is one of twenty-four incorporated municipalities within Pinellas County. It is a community of combined residential and recreational interests. The City is located at the southern end of Pinellas County, Florida and is the second largest producer of tourist tax revenue in the county. The tourist industry plays an intricate part of our local economy. When there is a decline in the economy, it is felt in our community. After several years of declining tourism, the City of St. Pete Beach has experienced an increase in tourism during the past three years.

St. Pete Beach property values increased for the third year in a row in fiscal year 2015 after several years of declining property values. Since the property values have increased, the millage rate that would be required to generate the same amount of tax revenue as the previous year is 2.6823 compared to the 2014 millage rate of 2.8569.

The choice to outsource police protection was decided by a referendum vote of the City residents in January 2013. In an effort to return some of the savings to the taxpayers, the City Commission adopted a millage for fiscal year 2014 of 2.8569 which was equal the millage set in fiscal year 2012.

During the recession, various infrastructure projects were placed on hold and overall maintenance was decreased. In an effort to address these needs throughout the city, the millage rate was increased in fiscal year 2015 from 2.8569 to 3.1500. This increase resulted in an additional \$622,000 of ad valorem revenue.

LONG-TERM FINANCIAL PLANNING

The City prepares a five-year Capital Improvements Program (CIP), which is updated annually. The CIP is an integral component of the City’s financial management system even though this document does not appropriate funds. A copy of the CIP is available on the City’s website at www.stpetebeach.org.

The latest CIP was adopted by the City Commission for FY 2016 through FY 2020. This document projects the City’s major capital expenditures and related operating expenditures for a rolling five-year period. Projections are updated during the annual budget process.

Current CIP projections were developed assuming a gradual upturn in the national and local economies. The following schedule summarizes projected increases in major rates. Future property tax projections are to be determined (TBD), due to uncertainty regarding recent and future property tax reform initiatives and changes in the economy.

The City implemented a stormwater fee which was assessed on all property tax bills beginning November 1, 2010. The initial fee was \$36 per property. These monies were used to hire a consultant to determine an equitable equivalent residential unit (ERU) for future charges. The ERU rate was determined to be \$44.30 and was implemented in fiscal year 2012.

The City has contracted with rate consultants to review both the wastewater and stormwater rates. The results of their analysis are reflected in the table below.

Projected Property Tax and Utility Rate Increases					
	<u>FY 2016</u>	<u>FY 2017</u>	<u>FY 2018</u>	<u>FY 2019</u>	<u>FY 2020</u>
Property Tax (mills)	7.49%	TBD	TBD	TBD	TBD
Wastewater	9.75%	8.25%	8.25%	TBD	TBD
Reclaimed Water	0%	TBD	TBD	TBD	TBD
Stormwater Fee – Annual Assessment					
Tier 1 – Flat Fee	45%	3%	3%	3%	3%
Tier 2 Per ERU	25%	35%	13.5%	12%	10.5%

MAJOR INITIATIVES

Part of the increase in ad valorem revenue has been used to increase the transfer to the capital projects fund from \$1,825,000 in fiscal year 2014 to \$1,904,000 in fiscal year 2015. A higher level of effort is needed for

The Honorable Mayor and City Commission
May 28, 2016

infrastructure, particularly in the area of street rehabilitation. Revenue and expenditure projections have been carefully monitored to adjust quickly to any variances identified.

The millage rate was increased in fiscal year 2015 to address the various infrastructure projects capital purchases that had been delayed during the recession. Increased dollars were budgeted for the Public Services Department to better maintain resources throughout the city. The increased millage rate of 3.1500 resulted in an increase in ad valorem tax revenue of \$622,000 from the previous year had the millage been kept the same at 2.8569 mills and \$992,500 more in revenue if the millage rate had been set at the roll-back rate of 2.6823 mills.

The City has local retirement plans for police officers, firefighters and union general employees. Even though police services have been outsourced, the City is still responsible for the unfunded liability of the plan. The City is concerned about the increasing unfunded actuarial accrued liabilities on all three pension funds. Thru the collective bargaining process, all three funds have been significantly modified. A hybrid plan has been established with reduced benefits in the defined benefit plan partially offset by the addition of a defined contribution plan. In this way, employees will shoulder some of the burden of volatility in the markets.

During fiscal year 2015, the City issued \$21,000,000 in bonds. There were three separate bond issues that will be paid back over periods ranging from 15 to 30 years. Monies are dedicated to three large road projects, wastewater and stormwater system improvements and a planned future expansion of the library.

The Wastewater and Reclaimed Water Funds were previously reported as special revenue funds and were converted to enterprise funds in fiscal year 2010. The Stormwater Fund, established in November 2010, is funded by two separate assessments on the property tax bill. The City Commission had established a policy to set fees for these activities that are designed to recover the cost of providing services including capital costs such as depreciation and debt service. Fees are charged to external users for the services provided. A rate study analysis conducted in fiscal year 2015 for both the wastewater and stormwater funds has resulted in projected increases for both funds.

A general evaluation of the City's financial position indicates that available cash and investments are sufficient for coverage of end of year operating liabilities and for future operational purposes.

ACKNOWLEDGMENTS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of St. Pete Beach for its comprehensive annual financial report for the fiscal year ended September 30, 2014. This is the nineteenth consecutive year that the City has received this prestigious award.

In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both Generally Accepted Accounting Principles in the United States of America and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current comprehensive annual financial report continues to conform to the Certificate of Achievement Program's requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

Preparation of the City's CAFR was made possible by the efforts of everyone in the Finance Division. Other City Departments, although not as extensively involved in year-end audit activities, contributed significantly to the success of the audit by ensuring the accuracy of accounting information recorded throughout the year. Everyone's efforts are greatly appreciated.

Finally, appreciation is expressed to the City's auditors, Wells, Houser & Schatzel, P.A. who contributed suggestions and comments that were used in the preparation of the CAFR. Their testing, suggestions and attention to detail made the CAFR better than it would have been otherwise.

Respectfully Submitted,

Elaine Edmunds

Independent Auditor's Report

INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor, Members of
the City Commission and City Manager
City of St. Pete Beach, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities each major fund, and the aggregate remaining fund information of the City of St. Pete Beach, Florida, as of and for the year ended September 30, 2015, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of St. Pete Beach, Florida, as of September 30, 2015, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter – Change in Accounting Principle

As discussed in Note 1 to the financial statements, in the fiscal year ended September 30, 2015, the City adopted the provisions of Government Accounting Standards Board (GASB) Statement Number 68, *Accounting and Financial Reporting for Pensions* and GASB Statement Number 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*. As a result of the implementation of GASB Statements 68 and 71, the City reported a restatement for the change in accounting principle as of October 1, 2013.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis (pages 3-14) be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of St. Pete Beach, Florida's basic financial statements. The introductory section, combining financial statements, other supplementary schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The required budgetary comparison schedule (pages 71-74) and the schedules of changes in net pension liability and contributions (pages 75 to 80) are not a required part of the basic financial statements but are required by accounting principles generally accepted in the United States of America.

The budgetary comparison schedule, schedules of changes in net pension liability and contributions, combining financial statements and other supplementary schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the budgetary comparison schedule, schedules of changes in net pension liability and contributions, the combining and individual fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 28, 2016, on our consideration of the City of St. Pete Beach, Florida's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of St. Pete Beach, Florida's internal control over financial reporting and compliance.

Management's Discussion and Analysis

MANAGEMENT'S DISCUSSION AND ANALYSIS

The City of St. Pete Beach's (the "City") discussion and analysis is designed to (a) assist the reader in focusing on significant financial issues, (b) provide an overview of the City's financial activity, (c) identify changes in the City's financial position (its ability to address the next and subsequent year challenges), (d) identify any material deviations from the financial plan (the approved budget), and (e) identify individual fund issues or concerns.

Since Management's Discussion and Analysis (MD&A) is designed to focus on the current year's activities, resulting changes and currently known facts, please read it in conjunction with the Transmittal Letter (beginning on page v) and the City's financial statements (beginning on page 16).

FINANCIAL HIGHLIGHTS

- For fiscal year 2015, the assets for the City of St. Pete Beach exceeded the liabilities by \$39,040,036 (net position). During fiscal year 2015, the Governmental Accounting Standards Board (GASB) Statement number 68 was implemented. This statement establishes standards for measuring and recognizing pension liabilities and the related deferred outflows of resources, deferred inflows of resources, and pension expenses. For defined benefit pensions, the Statement identifies the methods and assumptions that should be used to project benefit payments, discount projected benefit payments to their actuarial present value, and attribute that present value to periods of employee service. The recognition of the \$16,724,450 net pension liability in the government wide financial statements as of September 30, 2015 has resulted in a negative unrestricted net position of \$3,083,159.
- The City's total net position increased by \$2,488,950. Of this amount, \$1,859,250 is attributable to an increase in the net investment in capital assets. The net position of governmental activities improved by \$1,115,498. Several capital projects that were budgeted in fiscal year 2015 were not completed in the fiscal year. Such projects include seawall repairs (\$256,250) and improvements to Egan Park (\$569,955). These projects have been carried forward to future years. General Fund revenues such as franchise and parking fees were higher than projected (\$67,644 and \$462,869 respectively). Building permit fees were \$134,500 higher than projected. Most of this increase in revenue was from home renovations. The City issued Capital Improvement Revenue Bonds and received proceeds of \$13,048,318 in fiscal year 2015. The bond issue is to fund capital improvements on Pass A Grille Way, Blind Pass Road and future construction of a library to replace the current library structure which is now 50 years old. Only \$647,797 of the bond proceeds related to the Pass A Grille Way project were spent in fiscal year 2015 leaving \$12,400,521 available to fund the future projects.
- The net position of the enterprise funds improved by \$1,373,452. Of this amount, \$1,911,653 is from an increase in net investment in capital assets, a decrease in a restriction on long-term debt requirements (\$614,977) and an increase of \$76,776 in unrestricted net position. The largest changes occurred in the wastewater fund. The wastewater fund had an increase in net investment in capital assets of \$1,580,998. The reclaimed water fund final debt payment was made in fiscal year 2015 eliminating the prior restriction on net position of \$838,986. Additional information can be found on pages 6 and 17.
- As of September 30, 2015, the City of St. Pete Beach's governmental funds reported combined ending fund balances of \$22,629,994 which is an increase of \$14,626,808 over the previous year. This increase is largely due to the unexpended portion of the Capital Improvement Revenue Bonds proceeds of \$12,400,521. Excluding these proceeds, the governmental ending fund balance increased \$2,226,287. Approximately 23% or \$5,348,413 of the total fund balance is available for spending at the City's discretion (unassigned fund balance.)
- At the end of the current fiscal year, unassigned fund balance for the general fund was \$5,348,413, or 40% of total general fund expenditures excluding capital items.
- In addition to the Capital Improvement Revenue Bonds issuance of \$13,000,000 in fiscal year 2015, the wastewater and stormwater funds each issued a revenue bond in the amount of \$5,000,000 and \$3,000,000,

respectively. These bond issues were done, in part, to help fund two large road/utility reconstruction projects for Pass A Grille Way and Blind Pass Road. There is \$2,000,000 of the Capital Improvement bond monies earmarked for funding of the library project in future years. The total amount borrowed was \$21,000,000. The net amount of the new indebtedness less the current year long term debt payments of \$1,193,229 resulted in an overall net increase in long-term indebtedness of \$19,806,771.

- Prior to Fiscal Year 2010, the wastewater and reclaimed water funds were reported as special revenue funds and have since been converted to enterprise funds. Additionally, a stormwater fund was established in Fiscal Year 2011 as an enterprise fund. The City Commission had established a policy to set fees and assessments for these activities that are designed to recover the cost of providing services including capital costs such as depreciation and debt service. Fees are charged to external users for the services provided.
- The City implemented a stormwater fee which was assessed on all property tax bills beginning November 1, 2010. The current fee is \$38.27 per property. These monies were used to hire a consultant to determine an equitable equivalent residential unit (ERU) for future charges. In November 2011 the second tier of the stormwater assessments was instituted and charged to the properties in the City.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the City of St. Pete Beach's basic financial statements, which are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements

The *government-wide financial statements* (see pages 16-19) are designed to be corporate-like and provide readers with a broad overview of the City's finances. The focus is on "activities", rather than "fund types."

The *Statement of Net Position* presents information on all of the City's assets and liabilities, with the difference between the two reported as net position. The focus of the Statement of Net Position (the "unrestricted net position") is designed to be similar to bottom line results for the City and its governmental and business-type activities. This statement combines and consolidates governmental fund current resources (short-term spendable resources) with capital assets and long-term obligations. Over time, the increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *Statement of Activities* (see page 18) presents information showing how the City's net position changed during the most recent fiscal year, focusing on both the gross and net costs of various activities, both governmental and business-type, that are supported by the government's general tax and other revenues. This is intended to summarize and simplify the user's analysis of the cost of various governmental services and/or subsidy to various business-type activities.

The Government-wide financial statements (see pages 16 -19) are for functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) and from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, streets, economic development, public safety and culture and recreation. The business-type activities of the City consist of Wastewater, Reclaimed Water and Stormwater.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over the resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds and fiduciary funds. Traditional users of governmental financial statements will find the Fund Financial Statements presentation more familiar.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the City's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the City's near-term financing decisions. Both the governmental fund Balance Sheet and the governmental fund Statement of Revenues, Expenditures and Changes in Fund Balance provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City of St. Pete Beach adopts an annual appropriated budget for its general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget.

The government wide financial statements include only the City of St. Pete Beach (known as the primary government). There are no component units.

The governmental fund financial statements can be found on pages 20 – 23 of this report.

Proprietary Funds

The City maintains only one of the two proprietary fund types. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its Wastewater, Reclaimed Water and Stormwater activities. Internal service funds, an accounting device used to accumulate and allocate costs internally among a government's various functions, are not utilized by the City.

The basic proprietary fund financial statements can be found on pages 24-29 of this report.

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City of St. Pete Beach's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on pages 30-31 and 83-84 of this report.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. They can be found on pages 32-70 of this report.

Infrastructure Assets

The City has reported its infrastructure assets within the government-wide financial statements in accordance with Governmental Accounting Standards Board (GASB) Statement #34. Historically, a government's largest group of assets (infrastructure – buildings, roads, bridges, traffic signals, underground pipes [unless associated with a utility], etc.) have not been reported nor depreciated in government financial statements. This statement requires that these assets be valued and reported within the Government-wide Statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of a government’s financial position. For the current year, the City’s assets exceeded liabilities by \$39,040,036. As noted earlier, GASB Statement number 68 was implemented in fiscal year 2015. The recognition of the \$16,724,450 net pension liability in the government wide financial statements resulted in a negative unrestricted net position of \$3,083,159.

The City’s net position reflects \$41,179,624 of its net investment in capital assets. Capital assets include land, buildings, improvements, vehicles and equipment, less any related debt (excluding unexpended bond proceeds) used to acquire those assets that are still outstanding. The City of St. Pete Beach uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City of St. Pete Beach investment in its capital assets is report net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The following table reflects the condensed Statement of Net Position compared to the prior year. For more detailed information see the Statement of Net Position (pages 16-17).

City of St. Pete Beach’s Statement of Net Position

Net Position:						
Net investment in capital assets	26,222,880	26,275,283	14,956,744	13,045,091	41,179,624	39,320,374
Restricted	683,376	414,080	260,195	875,172	943,571	1,289,252
Unrestricted	(5,189,099)	(6,087,704)	2,105,940	2,029,164	(3,083,159)	(4,058,540)
Total net position	21,717,157	\$20,601,659	17,322,879	15,949,427	39,040,036	36,551,086

Restricted assets apply to assets whose use is subject to constraints that are either external or imposed by law. Outside restrictions include debt covenants (\$529,014), restricted donations for the library (\$198,063) state restrictions on confiscated property (\$5,319), and county restrictions on transportation impact fees collected (\$211,175).

There was a decrease of \$614,977 in restricted net assets reported in connection with the City of St. Pete Beach’s business-type activities. This decrease is largely due to the final payment made on the reclaimed water loan thru the State of Florida Revolving Loan Fund.

The following table reflects the condensed Statement of Activities for the current year as compared to the previous year. For more detailed information see the Statement of Activities on page 18-19.

- Property taxes were higher (\$1,088,718) than the previous year because the City increased the millage to 3.1500 mills which was above the roll-back millage rate of 2.6823. The millage rate had been lowered the previous year in an attempt to return some of the savings from outsourcing the police department to the Pinellas County Sheriff. Property values actually increased 6.5%. The City Commission made a conscious decision to raise the millage rate so that infrastructure improvements that had to be postponed during the economic downturn could be addressed.
- In governmental activities, charges for services increased by \$247,557 (7%) which is attributable to an increase in the amount collected from parking revenues. The area experienced a mild winter in 2015 which increased tourism to our city.
- Governmental activities increased the City of St. Pete Beach's net position by \$1,115,498, thereby accounting for 45% of the total growth in the net position of the City of St. Pete Beach

Governmental Activities

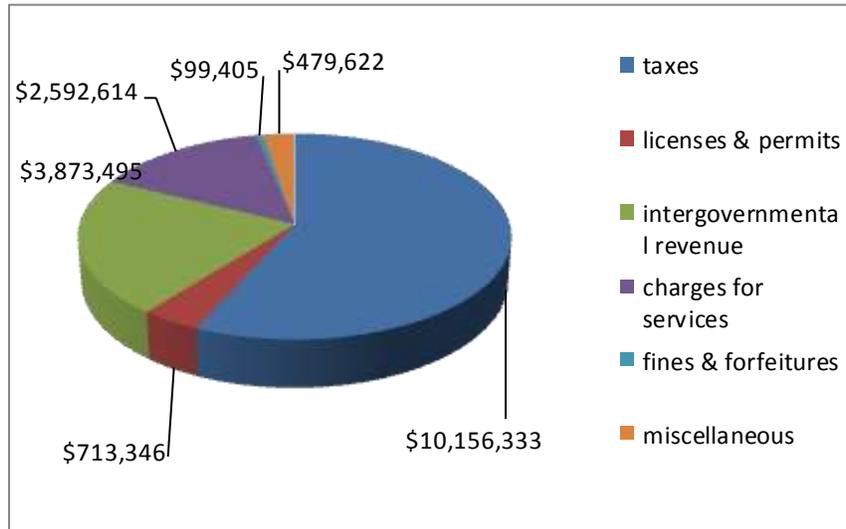

Governmental activities increased the City's net assets by \$1,115,498 which, when added to the increase in net asset of the business-type activities, resulted in a total increase in net assets of \$2,488,950.

Expenses and Revenues – Governmental Activities

(This space left blank intentionally)

Revenues by Source - Governmental Activities

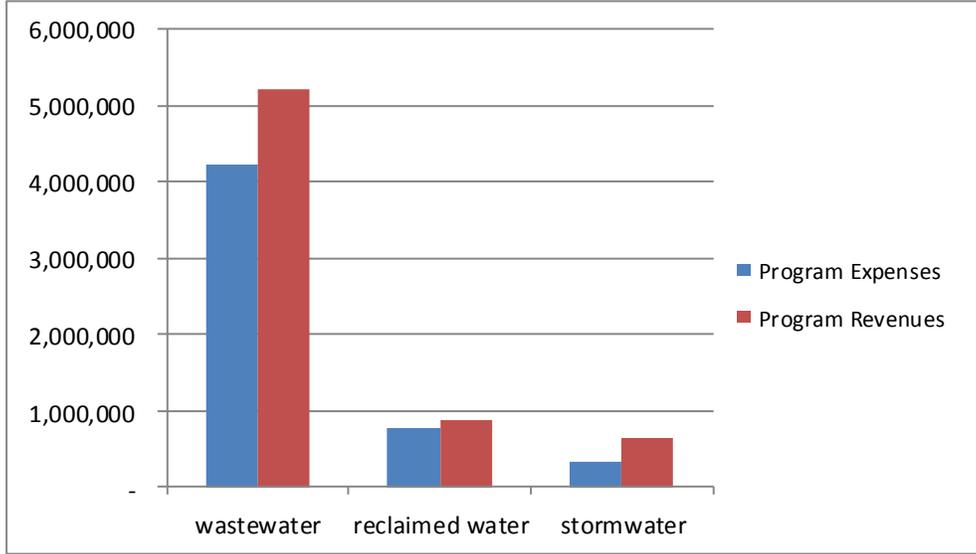

Overall revenues increased by \$1,511,358. Taxes increased by \$1,075,122 due to the increase in the ad valorem millage rate. Charges for services increased \$299,623 in the governmental funds due to increased revenues from our parking meters. Fines and forfeitures decreased \$123,112. A large code enforcement fine of \$135,436 was collected in fiscal year 2014. Legal fees were \$699,291 in fiscal year 2015 compared to \$303,051 the previous year. Several lawsuits related to the comprehensive plan were resolved resulting in the City paying \$428,636 in settlement costs. Personnel costs in the City Manager’s office decreased \$55,813 compared to the previous year. In fiscal year 2014, there was turnover in the City Manager position which resulted additional costs related to the separation agreement. The transfer to the capital improvements fund increased \$79,000 over the prior year transfer. The planning, finance and the library divisions experienced retirement of long term employees which resulted in payouts of unused sick and vacation balances. Information Technology (IT) capital costs increased \$38,824 due to the purchase of a new phone system to be used city-wide. Outside professional/contractual services were required for technical assistance in performing an historic properties survey in relation to a grant for the same amount (\$41,050) and technical assistance while the Community Development Director position was vacant resulting in an increase in operating expenditures in the Planning division of \$87,212. Overall recreational expenses increased \$88,318 as a result of increased usage of the facility. Capital outlay increased in parking enforcement by \$71,919 as a result of replacement of seven aging pay stations. Fire department costs increased \$155,602 due to increased personnel costs. Public service department costs increased \$110,978. Of this amount, \$44,378 was attributable to the replacement of vehicles and equipment.

Business-type Activities

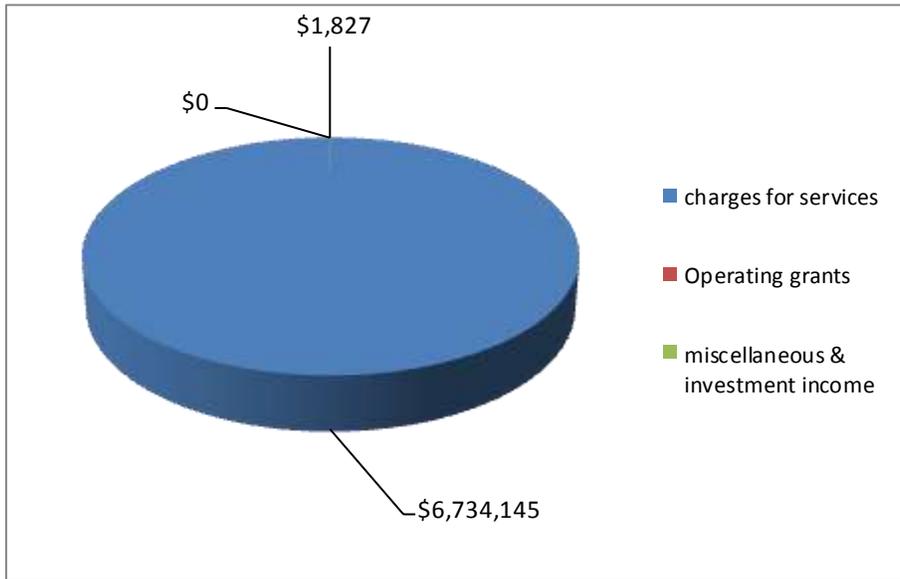

Business-type activities increased the City’s net position by \$1,373,452 which, when added to the increase in net asset of the governmental activities, resulted in a total increase in net position of \$2,488,950.

(This space left blank intentionally)

Expenses and Revenues – Business-type Activities

Revenues by Source – Business Activities

There were no increases to the wastewater and reclaimed water rates. As a result, charges for services for business-type activities increased only slightly by \$181,204. Wastewater charges increased \$167,838 due to the increase in the number of gallons treated and reclaimed charges increased \$4,561. The stormwater assessment charges remained unchanged. Overall stormwater assessment charges increased \$8,805.

FINANCIAL ANALYSIS OF THE GOVERNMENT’S FUNDS

As noted earlier, the City of St. Pete Beach uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds: The focus of the City of St. Pete Beach's *governmental funds* is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City of St. Pete Beach's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of September 30, 2015, the City's governmental funds reported combined ending fund balances of \$22,629,994, an increase of \$14,626,808 in comparison to the prior year. Approximately .1% of this amount (\$211,818) is non-spendable. Non-spendable refers to assets that cannot be spent because of their form and include items such as inventory, prepaid expenses and long term receivables.

Another 57.82% of this amount (\$13,083,897) is restricted which means there are externally enforceable limitations on the use of the funds. Such limitations have been placed by contributors or laws and regulations of other governmental entities. During fiscal year 2015, the City issued Capital Improvement Revenue Bonds resulting in proceeds of \$13,048,318. These proceeds are to be spent on several large projects including a total reconstruction of Pass A Grille Way and Blind Pass Road. Additionally, approximately \$2,000,000 is being held for future use for the construction of a new library. Of the bond proceeds received in fiscal year 2015, only \$647,797 had been expended in the fiscal year with \$12,400,521 of unexpended bond proceeds restricted for the purposes set forth in the bond documentation.

Approximately 13.52% of combined ending fund balances for governmental funds (\$3,060,001) is assigned which reflects monies intended to be used for a specific purpose. The total assigned amount consists of monies that have been assigned for the payment of compensated absences (\$376,656), an insurance stabilization fund (\$51,434) and monies set aside for future capital improvements (\$2,631,891). Compensated absences refer to paid time off made available to employees in connection with vacation leave and sick leave. The unassigned balance is 23.63% (\$5,348,413) which is available for spending at the City's discretion.

The general fund is the chief operating fund of the City. At September 30, 2015, the unassigned balance of the general fund was \$5,348,413 while the total fund balance was \$6,801,641. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 32.2% of total general fund expenditures excluding capital items while total fund balance represents 44.5% of that same amount.

During the current fiscal year, the City's general fund balance increased by \$1,107,716.

Proprietary Funds: The City's proprietary (enterprise) fund statements provide the same type of information found in the government-wide financial statements, but in more detail.

The Unrestricted net position of the enterprise funds at September 30, 2015 show a positive balance of \$2,105,940 compared to a balance of \$2,029,164 the previous year. A rate study for wastewater and reclaimed water was completed at the end of fiscal year 2010. Based on the study, a 4% increase was required for wastewater and an 8% increase for reclaimed water in fiscal year 2014. No changes were made to these rate amounts in fiscal year 2015. The assessment of \$36 per property to pay for the establishment of this fund was collected in fiscal year 2011. A second tier of the stormwater assessment based on impervious surface was implemented in fiscal year 2012. No changes were made to these assessment amounts in fiscal year 2015.

The City was placed under a Department of Environmental Protection (DEP) consent order in 2014 for spills associated with the wastewater system. A significant effort is underway to update the system. The city hired a rate consultant during fiscal year 2015 review our rate structure now that these mandatory capital improvements are known. Rate increases are anticipated for future years.

(This space left blank intentionally)

GENERAL FUND BUDGETARY HIGHLIGHTS

During the year there was \$302,257 increase in appropriations between the original and final amended budget. Following are the main components of the increase:

- \$69,425 supplemental appropriation for encumbrances brought forward from the previous fiscal year. The increase was funded from reserves.
- \$121,500 increase the legal budget for settlement costs required to be paid as a result of lawsuits. The increase was funded from reserves.
- \$41,050 supplemental appropriation for professional services related to performing a survey of historic homes in the Pass A Grille area. This increase was funded through a grant from the State of Florida.
- \$40,000 increase in recreation instructor fees. This increase is funded by an increase in instructor fee revenue.

CAPITAL AND DEBT ADMINISTRATION

Capital Assets: The City of St. Pete Beach's investment in capital assets for its governmental and business-type activities as of September 30, 2015 amounts to \$45,471,013 (net of accumulated depreciation). This investment in capital assets includes land, buildings, furniture, machinery and equipment and infrastructure.

Capital projects completed during the current fiscal year include:

- Palm tree up-lighting along Gulf Blvd.
- Landscaping along the Pinellas Bayway
- Completion of study of Corey area downtown redevelopment
- Street rehabilitation
- Playground resurfacing
- Assessment of two city buildings
- Rehabilitation of Lift Station 2

City of St. Pete Beach's Capital Assets

Total	\$14,434,191	\$1,872,122	\$10,249,010	\$3,004,308	\$24,683,201	\$4,876,430

Additional information on the City of St. Pete Beach's long term debt can be found in note F on pages 48-55 of this report.

Economic Factors and Next Year's Budgets and Rates

- After four years of decline, property values are showing an upward trend. Property values increased 6.7% in fiscal year 2015 and another 7.15% in fiscal year 2016. The Pinellas County Property Appraiser is projecting a moderate increase for fiscal year 2017 as the economy continues to recover.
- The State of Florida, by Constitution, does not have a state personal income tax and, therefore, the State operates primarily using sales, gasoline and corporate income taxes. Local governments (cities, counties and school boards) primarily rely on property and a limited array of permitted other taxes (sales, gasoline, utilities services, etc.) and fees (franchise, business tax, etc.) for their governmental activities. There are a limited number of state-shared revenues and recurring and non-recurring (one-time) grants from both the state and federal governments.
- The outsourcing of the police department has resulted in annual savings of approximately \$1.5 million. A significant portion of this savings is being used to fund infrastructure needs with a particular focus being placed on street and roadway improvements.
- The City incurred \$21 million of additional debt in fiscal year 2015. All monies are for infrastructure improvements. A significant portion is to fund two large street rehabilitation projects.
- The City has been investigating options of moving/renovating/constructing a new library. The current building is old and in need of significant repairs and updating. Of the \$21 million borrowed, \$2 million is currently earmarked for this project in the future.
- The City is under a consent order with the State of Florida Department of Environmental Protection effective October 28, 2014 with regard to the city wastewater system. This order mandates certain improvement to the wastewater system to be completed by specific dates. The City hired a rate consultant this year to update our current wastewater model to include the additional projects at their specified completion date. Rate increases are projected for the next five years to accommodate these improvements.
- Along with the roadway improvements mentioned above, the city is addressing stormwater improvements to accompany these projects. A study of the stormwater was completed and the assessment fees will increase over the next five years to accommodate these improvements.

In the fiscal year 2014 budget, the decision was made to return part of the savings from contracting out law enforcement services back to the taxpayers of the City of St. Pete Beach. This resulted in lowering the millage rate from 3.2819 mills to 2.8569 or approximately \$780,000 less in revenue. The balance of the savings (\$900,000) was put towards an increase in the transfer from the General Fund to the Capital Improvement Projects Fund from \$925,000 to \$1,825,000.

The city experienced a change of leadership in fiscal year 2014. With the change in leadership came a change in vision for the city's future. The city commission has elected to recapture some of the savings passed on to the taxpayers through a decrease in the ad valorem rate in fiscal year 2014 and invest these monies back into the city to

fund the many capital improvement projects that are necessary throughout the city. The millage rate for fiscal year 2015 was increased from 2.8569 mills to 3.15 mills which is above the roll-back rate of 2.6823 mills.

The City continues to monitor the unfunded liabilities in the three sponsored City pension plans. The general and fire pension boards' earnings assumption is 7.75%. The actual rate of return on investment was -.06% and -.66% respectively. However the smoothed rate of return for the prior four years for the general pension plan was 9.74% and the fire pension plan 9.18%. As a result, the total unfunded liability of the two pension plan combined dropped from \$11,326,012 as of October 1, 2014 to \$9,339,422 as of October 1, 2015. The police pension plan board earnings assumption is 7%. The actual return on investment was -1.17%. However the smoothed annualized rate of return for the prior four years was 9.35%. As a result, the unfunded liability in the police pension plan decreased from \$5,215,545 to \$5,036,614. It is anticipated that the unfunded liability in all three plans will increase at the end of fiscal year 2016 because the highest rate of return year of 2012 will no longer be included in the four year smoothing allocation.

FINANCIAL CONTACT

The City's financial statements are designed to present users (citizens, taxpayers, customers, investors and creditors) with a general overview of the City's finances and to demonstrate the City's accountability. If you have questions about the report or need additional financial information, contact the City's Administrative Services Director at City Hall at 155 Corey Avenue, St. Pete Beach, Florida 33706, telephone number (727) 363-9250.

Basic Financial Statements

The basic financial statements include the government-wide financial statements, fund financial statements, and notes to the financial statements. The government-wide financial statements present financial information about the reporting government as a whole, except for fiduciary activities. The fund financial statements present financial information about major funds individually, non-major funds in the aggregate for the governmental funds, and for the fiduciary funds in the aggregate. The notes to the financial statements present information essential for a fair presentation of the financial statements that is not displayed on the face of the financial statements.

CITY OF ST. PETE BEACH, FLORIDA

RECONCILIATION OF THE BALANCE SHEET - GOVERNMENTAL FUNDS TO THE
STATEMENT OF NET POSITION - GOVERNMENTAL ACTIVITIES

September 30, 2015

Fund Balances - total governmental funds \$ 22,629,994

Amounts reported for governmental activities in the statement of
net position are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are
not reported in the governmental funds.

Governmental capital assets	46,756,295	
Less: Accumulated depreciation	<u>(18,728,936)</u>	
		28,027,359

Other assets used in governmental activities are not financial resources and, therefore,
are not reported in the governmental funds.

Capitalized debt issuance costs - insurance	45,532	
Less: accumulated amortization	<u>(26,447)</u>	
		19,085

Long-term liabilities are not due and payable in the current period and,
therefore, are not reported in the governmental funds.

Net other post employment benefit obligation	(52,100)	
Compensated absences	(376,656)	
Revenue bonds payable	(14,205,000)	
Capital lease obligation	(229,191)	
Net pension liability	<u>(16,030,325)</u>	
		(30,893,272)

Un-matured long-term indebtedness consisting of a judgment payable is not
reported in the governmental funds as this portion of the liability is not due and
payable in the current period. (223,500)

Premiums received on revenue bonds issued in current and prior years that were
a financial resource in the governmental funds in the years received but are
reported as unearned revenues net of amortization in the statement of net position.

Premiums received in current and prior years	(233,916)	
Less: Accumulated amortization	<u>168,299</u>	
		(65,617)

Deferred inflows and outflows of resources related to pensions are not reported
in the governmental funds but will be recognized in pension expense on a long-
term basis and are therefore reported in the statement of net position.

Deferred inflows of resources related to pensions	(472,070)	
Deferred outflows of resources related to pensions	<u>2,695,178</u>	
		<u>2,223,108</u>

Net position of governmental activities. \$ 21,717,157

The notes to the financial statements are an integral part of this statement.

CITY OF ST. PETE BEACH, FLORIDA

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCE
- GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES - GOVERNMENTAL ACTIVITIES

For the Year Ended September 30, 2015

Net change in fund balances - total governmental funds \$ 14,626,808

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets are depreciated over their useful lives.

Expenditures for capital assets	\$ 1,691,375	
Less: Current year depreciation	<u>(1,505,548)</u>	185,827

Proceeds from the issuance of debt - revenue bonds (\$13,000,000) and bond premium proceeds (\$48,318) are reported as other financing sources in the governmental funds since they provide current resources to enable the City to purchase capital assets, but these obligations increase long-term liabilities and unearned revenue in the statement of net position. (13,048,318)

In the statement of activities, a gain or loss is reported on the disposal of capital assets based on the sale price less the remaining un-depreciated cost, whereas in the governmental funds the proceeds from the sale of capital assets increase financial resources. The remaining un-depreciated cost of assets disposed of results in a decrease in net position.

Un-depreciated cost of capital assets sold as surplus or disposed of	(3,750)
--	---------

Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. 437,930

Debt issuance costs are a use of current resources in the governmental funds, but that portion of the expenditures used to acquire debt repayment insurance represents an amortizable cost in the statement of net position. 16,510

Some revenues reported in the statement of activities do not provide current financial resources and, therefore, are not reported as revenues in the governmental funds.

Amortization of premium received on Revenue Bonds	12,211
---	--------

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.

Current year other post employment benefit obligation	(6,688)	
Amortization of debt issuance costs - insurance	(2,039)	
Decrease in compensated absences -reduction of expense	54,963	
Pension expense	(934,456)	
Un-matured long-term indebtedness - judgment payable	<u>(223,500)</u>	<u>(1,111,720)</u>

Change in net position of governmental activities \$ 1,115,498

The notes to the financial statements are an integral part of this statement.

September 30, 2015

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements have been prepared to conform with the standards set forth by the Governmental Accounting Standards Board (GASB). The following is a summary of the more significant accounting and reporting policies.

1. Defining the Reporting Entity

The City of St. Pete Beach, Florida (the City) is a municipal corporation established pursuant to the laws of Florida and operates under applicable provisions of Florida Statutes, Chapter 166.

The City follows the principles of Section 2100, “Defining the Reporting Entity” of GASB “Codification of Governmental Accounting and Financial Reporting Standards”, which established standards for defining and reporting on the “Financial Reporting Entity”. The financial reporting entity includes the primary government, organizations for which the primary government is financially accountable and other organizations for which, if excluded, would cause the reporting entity’s financial statements to be misleading or incomplete. Financial accountability is defined as the appointment of a voting majority to an organization’s board and either displays the ability to impose its will on that organization, the possibility that the organization will impose or provide a financial burden or benefit to the primary government, or management of the primary government has operational responsibility for the component unit and manages the component unit in essentially the same manner in which it manages its own programs or departments . The City has no such applicable organizations that meet these requirements; therefore, the accompanying financial statements include only information relative to the primary government.

2. Basic Financial Statements – GASB Statement #34

The City presents its comprehensive annual financial report in accordance with the provisions of GASB Statement #34 – “Basic Financial Statements – and – Management’s Discussion and Analysis – for State and Local Governments”. This standard establishes the financial reporting requirements for state and local governments. The Statement establishes specific standards for basic financial statements, management’s discussion and analysis (MD&A), and certain required supplementary information.

As part of reporting pursuant to GASB Statement #34, there is a reporting requirement regarding infrastructure; that is roads, sidewalks, curbing, and drainage improvements, etc. All major general infrastructure assets that were acquired or significantly reconstructed, or that received significant improvements, in fiscal years ending after June 30, 1980, are required to be retroactively reported. All newly acquired or improved infrastructure assets must be reported in accordance with GASB Statement #34. The City has included infrastructure assets acquired prior to June 30, 1980 that still have remaining useful lives.

The basic financial statements include both government-wide (based on the City as a whole) and fund financial statements. The government-wide financial statements are presented using a full accrual, economic resource basis, which incorporates long-term assets and receivables and long-term liabilities. Governmental activities include the General Fund, Capital Improvement Projects Fund, Police Confiscation Fund, and the Transportation Impact Fee Fund. Business-type activities include the Wastewater, Stormwater, and Reclaimed Water Enterprise Funds. The City’s Fiduciary Funds are not included in the government-wide financial statements since by definition these assets are being held for the benefit of a third party and cannot be used to address activities or obligations of the City.

The government-wide Statement of Activities reports the gross and net cost for the various functional categories (general government, community development, fire, etc.) of the City that are otherwise supported by general government revenues. The expenses for each functional category are reduced by program revenues to ascertain the net costs for that function. Program revenues are defined as charges for services, and operating and capital grants that specifically relate to a specific program function. Charges for services include revenue arising from charges to customers or applicants, who purchase, use or directly benefit from the goods, services, or privileges provided. Operating and capital grants consist of revenues received

September 30, 2015

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

from governments, organizations or individuals that are specifically attributable to a program and are restricted for either operating expenditures / expenses or capital expenditures / expenses associated with the specific program.

Proprietary Funds distinguish operating revenues and expenses from non-operating items. Operating revenues generally result from providing services in conjunction with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's proprietary enterprise funds are charges to customers for services. Operating expenses for the City's proprietary enterprise funds include the cost of personnel, contractual services, supplies and depreciation of capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenue and expenses.

The fund financial statements are similar to the financial statements presented in the previous reporting model. The emphasis in the new model is on major funds in both the governmental activities and business-type activities, and non-major funds are summarized into a single column.

3. Basis of Presentation

The accounts of the City are organized on the basis of funds, each of which is considered an independent fiscal and accounting entity with a self-balancing set of accounts recording its assets, liabilities, fund equity, revenues, and expenditures, as appropriate. City resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The accompanying basic financial statements present each major fund as a separate column on the fund financial statements and all non-major funds are aggregated and presented in a single column:

Governmental Funds: This fund category accounts for the acquisition, use, and balances of the City's expendable financial resources and the related current liabilities. It is through these funds that most governmental functions typically are financed. The City has presented the following major governmental funds:

General Fund: The General Fund is the main operating fund of the City. It is used to account for all financial resources except those that are required to be accounted for in another fund. All general tax revenues and other receipts that are not restricted by law or contractual agreement to some other fund are accounted for in this fund. General operating expenditures, fixed charges and capital costs that are not paid through other funds are paid from the General Fund.

Capital Improvement Projects Fund: The Capital Improvement Projects Fund is used to account for intergovernmental revenue that is restricted in use for infrastructure improvements or police and fire vehicles, as well as other funds received and expended for construction, renovation, expansion and major improvement of various City facilities, acquisition of land and other large nonrecurring projects.

Special Revenue Fund: This fund type is used to account for specific revenue sources (other than major capital projects or special assessments) that are restricted by law or administrative action to expenditure for specific purposes. The City is not reporting any major special revenue funds. The Police Confiscation Fund, a non-major fund, is used to account for the proceeds from the sale of confiscated property. The Transportation Impact Fee Fund, also a non-major fund, is used to account for transportation impact fees and transportation related expenditures.

Proprietary Funds: This fund category accounts for all assets, liabilities, equities, revenues and expenses related to the City's activities that are similar to businesses in the private sector. The City's Proprietary Funds are presented in accordance with GASB Statement #62 – "Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 Financial Accounting Standards Board (FASB) and American Institute of Certified Public Accountants (AICPA) Pronouncements". The City's Proprietary Fund types consist of the following:

Enterprise Fund: This fund type is used to account for operations (a) that are financed and operated in a manner similar to private enterprises, where the intent of the governing body is that costs (expenses, including depreciation) of

September 30, 2015

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

providing goods or services to the public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes. The City has three Enterprise Funds that are presented as major proprietary funds:

Wastewater Fund: This fund is used to account for the provision of sewer services to the residents of the City and sewer impact fees. Activities of the sewer system include operations and maintenance of the system. All costs are financed through charges to utility customers.

Reclaimed Water Fund: This fund is used to account for the provision of reclaimed water services to the residents of the City. Activities of the reclaimed water system include operations and maintenance of the system and collection of system user fees. All costs are financed through charges to utility customers.

Stormwater Fund: This fund, which the City has elected to report as a major fund, is used to account for the collection of stormwater utility fees. These fees will be used to address stormwater drainage issues, provide for preventative maintenance and major capital improvements to areas subject to flooding. All costs are financed through charges to utility customers.

Fiduciary Fund: This fund category accounts for assets held by the City in a trustee capacity or as agent for individuals, private organizations, other governmental units, and/or other funds.

Trust Fund: This fund is used to account for assets held by the City in a trustee capacity. The Pension Trust Funds are used to account for the Police, Firefighters' and General Pension Funds.

Measurement Focus: This concept refers to the accounting emphasis of the various funds. The following is a summary of the measure and focus of each fund type:

Governmental Fund Types: General, Capital Improvement, and Special Revenue Funds are accounted for on a "spending" or "financial flow" measurement focus with an emphasis on determination of financial position and changes in financial position rather than on net income determination. Accordingly, reported unassigned fund balances represent available, spendable or appropriable resources.

Proprietary and Fiduciary Fund Types: The measurement focus of a Proprietary Fund and Fiduciary Fund is on determination of net income, financial position and cash flows using the accrual basis of accounting. The Wastewater, Reclaimed and Stormwater Funds, as well as the Pension Trust Funds, are accounted for on a cost of services or "economic resources" measurement focus. Accordingly, all assets and liabilities are included on their balance sheets, and the reported fund equity (total reported assets less total reported liabilities) provides an indication of the economic net worth of the fund. Operating statements for these Funds use an income determination measurement focus and, therefore, report increases (revenues) and decreases (expenses) in total economic net worth.

4. Basis of Accounting

Basis of accounting refers to when revenues and expenditures or expenses and the related assets and liabilities are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

Modified Accrual: The modified accrual basis of accounting is utilized for the governmental fund types. Under this basis, revenues are recognized when they become susceptible to accrual, that is, when they become both measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of

September 30, 2015

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

the current period. The City considers revenues collected within sixty days after year-end to be available. Substantially all intergovernmental revenues, utility taxes, franchise fees, infrastructure surtax and interest are susceptible to accrual.

Property taxes are billed and substantially collected within the same fiscal year. Revenues that are received as reimbursement of grant expenditures are recognized as the expenditures are incurred, up to the grant award amount.

Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general long-term debt are recognized when due.

Accrual: The accrual basis of accounting is utilized for the government-wide financial statements and the Proprietary Funds and Fiduciary Fund - Pension Trust Funds. Under this basis, revenues are recognized in the period earned and expenses are recognized in the period that the liability is incurred.

5. Budget and Budgetary Accounting

The City follows these procedures in establishing the budgetary data reflected in the financial statements.

- (a) By the end of June, the City Manager and Administrative Services Director submit to the Finance and Budget Review Committee (a citizen advisory committee) a proposed operating budget for the ensuing fiscal year. The operating budget includes proposed expenditures and the sources of receipts to finance them.
- (b) By August 1, the City Manager, Administrative Services Director, and Finance and Budget Review Committee submit budget recommendations to the City Commission.
- (c) Public hearings are conducted in September to obtain taxpayer comments.
- (d) By mid September, the budget is approved by the Commission and becomes the basis for the millage levied by the Commission.
- (e) The budget is legally adopted at the department level. The City Manager is authorized to approve transfers between line items within any department. Transfers between departments and increases or decreases in total budget for a fund must have prior approval of the Commission.
- (f) Budgets for funds that have formal budgetary integration are adopted on a basis consistent with generally accepted accounting principles.
- (g) Appropriations lapse at year-end. Encumbrances outstanding at year-end are re-appropriated and charged against the ensuing year's budget and thus are not reflected in budget to actual presentations.
- (h) Budgeted amounts are as originally adopted, or as amended in accordance with City ordinance.
- (i) The General Fund, Wastewater Fund, Reclaimed Water Fund and Stormwater Fund are budgeted by the City. The budget serves as legal authorization for all expenditures. The following supplemental budget appropriations, in total, were made: General Fund – increase of \$302,257; Wastewater Fund – increase of \$1,665,517, Reclaimed Water Fund – decrease of \$10,409, and Stormwater Fund – increase of \$1,791,712.
- (j) For the year ended September 30, 2015, within the General Fund, expenditures exceeded appropriations in the following departments: City Clerk - \$3,440; Legal - \$277,971; Recreation - \$35,282; and Parking Enforcement - \$12,066. Legal

September 30, 2015

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

expenditures exceeded the amount appropriated primarily as a result of accruing a judgment as of September 30, 2015 in the amount of \$272,137. Please see Note L for additional information regarding the accrual of the judgment.

6. Assets, Liabilities and Fund Equity

Cash, Pooled Cash and Investments and Cash Equivalents: Cash balances of each fund, except for the Pension Trust Funds, are pooled for operating and investment purposes and are held primarily in an interest bearing checking account. Restricted cash equivalents are invested primarily in interest bearing accounts with the Florida State Board of Administration and Florida Surplus Asset Fund Trust. The interest earned is allocated to each fund based on the fund's average balance in the pooled cash account.

The City considers all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash equivalents. Deposits with the State Board of Administration, which are investments, are considered to be a cash equivalent and are reported at amortized cost or net position value. The amortized cost value of the State Board of Administration approximates fair value. Deposits with the Florida Surplus Asset Fund Trust and Florida Municipal Investment Trust Fund (FMIVT), which are investments, are reported at net position value.

Investments: Investments in the Pension Trust Funds consist of U. S. Government and Federal Agency securities, asset backed securities, collateralized mortgage obligations, corporate bonds, common - equity stocks and mutual funds, fixed income mutual funds, foreign equity stocks and bonds, unit investment trusts and money market funds. These investments are recorded at fair value.

Investments in common stock and bonds traded on a national securities exchange are valued at the last reported sales price on the last business day of the year. Securities traded in the over-the-counter market and listed securities for which no sale was reported on that date are valued at the mean between the last reported bid and asked prices. Investments in mutual fund type securities are valued at the net position value of the fund based on the underlying assets held in the funds. The fair value of an investment is the amount that could be reasonably expected to be received for it in a current sale between a willing buyer and a willing seller, other than in a forced or liquidation sale.

Accounts Receivable: Wastewater Fund and Reclaimed Water Fund revenues are generally recognized on the basis of cycle billings which are rendered bimonthly. Stormwater Fund fees are billed annually as a non - Ad valorem assessment and are recognized as revenue when billed in November of each year. No provision has been made for an allowance for doubtful accounts as the City considers all accounts to be collectible. The City records revenues for services delivered during the current fiscal year that will not be billed until the next fiscal year and includes these amounts in accounts receivable. These revenues and related receivables are based on a daily proration of the billing that occurs in the next fiscal year.

Supplies Inventory: Inventory is valued using the average cost basis and consists of expendable supplies held for consumption. The cost of the supplies are recorded as an expenditure at the time the inventory is consumed.

Prepaid Items: Payments made to vendors and others for services that will benefit periods beyond September 30, 2015 are recorded as prepaid items and are accounted for using the consumption method of accounting in the governmental funds. .

Restricted Assets: Assets are restricted to indicate that they are legally segregated for a specific future use. Cash equivalents have been restricted in the Capital Improvement, Wastewater and Stormwater Funds to meet loan escrow and sinking fund requirements and to account for unexpended debt proceeds that are to be used for specific capital projects.

NOTES TO FINANCIAL STATEMENTS

September 30, 2015

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Capital Assets: Capital assets, which include land and land rights; buildings and other land improvements; furniture, machinery and equipment; and infrastructure assets are reported in the applicable governmental or business-type activity in the government-wide financial statements. The City defines capital assets as assets with an initial, individual cost of \$2,500 or more and an estimated useful life in excess of one year. These assets are capitalized at historical cost, or estimated historical cost if actual cost information is not available. Donated capital assets are capitalized at their fair market value on the date donated. Additions, improvements and other capital outlays that significantly extend the useful life of the asset are also capitalized.

Depreciation, which is computed on a straight-line basis, is provided for in amounts sufficient to charge the cost of depreciable assets to operations over their estimated useful lives. Depreciation is not provided for construction in progress. Interest cost incurred on construction in process is not capitalized as part of the cost of assets acquired in the governmental funds. Interest cost incurred on construction in process is capitalized as part of the cost of assets acquired in the enterprise funds. The estimated useful lives of the assets are as follows:

Category	Useful Life
Buildings and other land improvements	15 – 50 years
Furniture machinery and equipment	3 – 20 years
Infrastructure	12 – 40 years

Unearned Revenues: Revenues which are measurable, but not earned, are reported as unearned revenue. In the governmental funds and government-wide financial statements, unearned revenues include local business taxes collected prior to September 30, which are for the local business tax that pertain to the subsequent fiscal year, and rental payments that have been received in advance.

Accumulated Unused Compensated Absences: In accordance with GASB 16, “Accounting for Compensated Absences”, the City records the “vested” portion of accumulated unused compensated absences at year-end based on each employee’s accumulated hours and rate of pay at the balance sheet date. An additional liability has also been accrued for related payroll taxes and retirement benefit costs. Generally, employees use their compensated absences as they are earned. The payment of compensated absences is charged to the General Fund, Wastewater Fund, Reclaimed Water Fund or Stormwater Fund, depending upon the department in which the individual being paid is employed.

Deferred Inflows of Resources and Deferred Outflows of Resources Related to Pensions: Deferred inflows of resources and deferred outflows of resources related to pension plans that are derived from the difference between projected and actual earnings on the respective plan investments are amortized to pension expense over a closed five year period. Deferred inflows of resources and deferred outflows of resources related to pensions that are derived from differences between expected and actual experience with regard to economic or demographic factors (difference between expected and actual experience) in the measurement of the respective pension plan’s total pension liability are amortized to pension expense over a closed period equal to the average of the expected remaining service lives of all employees that are provided with pensions through the respective pension plan (active and inactive employees) determined as of the beginning of the measurement period. Contributions to the pension plan from the employer subsequent to the measurement date of the net pension liability and before the end of the reporting period are reported as a deferred outflow of resources related to pensions. This contribution is included as an increase in the respective pension plan fiduciary net position in the subsequent fiscal year.

Net Pension Liability: The City adopted GASB Statement Number 68, *Accounting and Financial Reporting for Pensions* and GASB Statement Number 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – An Amendment of GASB* for fiscal year ended September 30, 2015. As a result of the implementation of GASB Statements 68 and 71, the City reported a restatement for the change in accounting principle as of October 1, 2013 for the

September 30, 2015

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Police Officers' Retirement System (Police Pension), the Firefighters' Retirement System (Firefighters' Pension) and the General Employees' Retirement System (General Pension). The Net Pension Liability as defined by GASB 68 is the difference between the actuarial present value of projected pension benefits attributable to a participant's past services and the respective pension plan's fiduciary net position. The impact of the implementation and prior period adjustment is presented in Note M.

Net Position: The government-wide financial statements utilize a net position presentation. Net Position is presented in three components – net investment in capital assets, restricted and unrestricted. The net investment in capital assets component consists of capital assets less accumulated depreciation and any related long-term debt. The related long-term debt has been reduced by unexpended bond proceeds when applicable. Restricted assets consist of the portion of net position that have constraints placed on them either externally by third parties (grantors and contributors) or by law through provisions of enabling legislation. Unrestricted net position consists of items that do not meet the definition of “net investment in capital assets” or “restricted”. Designations of net position made by the City's management are included in this component because these constraints are internal and management can remove or modify them. The government-wide statement of net position reports \$943,571 of restricted net position, of which \$211,175 is restricted by enabling legislation.

Fund Balance Classification: The City reports fund balances in accordance with the provisions of GASB Statement Number 54 – “Fund Balance Reporting and Governmental Fund Type Definitions”. GASB Statement Number 54 provides that governmental fund financial statements will present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:

- **Nonspendable:** This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact. The City has classified Supplies Inventory, Prepaid Items, and Long-Term Receivables as being Nonspendable as these items are not expected to be converted to cash or are not expected to be converted to cash within the next current year.
- **Restricted:** This classification includes amounts for which constraints have been placed on the use of the resources through either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments or (b) imposed by law through constitutional provisions or enabling legislation. The City has included restrictions for Library Expenditures pursuant to the request of the donor of the funds, Unexpended Bond Proceeds pursuant to the bond issuance documents, Long-term Debt Requirements as stipulated in the respective debt covenants, Law Enforcement that is restricted per Florida statute for police education expenditures, and Transportation Improvements which are unexpended impact fees that are legally restricted for transportation projects.
- **Committed:** This classification includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action by the City Council, in this case by ordinance. These amounts cannot be used for any other purpose unless the City Council removes or changes the specified use by taking the same type of action (ordinance) that was employed when the funds were initially committed. This classification also includes subsequent year contractual obligations (encumbrances) to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements.
- **Assigned:** This classification includes amounts that are constrained by the City's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the City Council or through the City Council delegating this responsibility to the City Manager whereby through the budgetary process a portion of

September 30, 2015

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

the fund balance of the General Fund can be assigned for a specific purpose. When applicable, this classification includes the remaining positive fund balance for governmental funds other than the General Fund. Within the General Fund, the City Commission has assigned a portion of the fund balance for future capital projects, the future payment of compensated absences, and unanticipated insurance costs.

- **Unassigned:** This classification includes the residual fund balance for the General Fund and also includes negative residual fund balances of any other governmental fund that cannot be eliminated by the offsetting of Assigned fund balance amounts.

The City would typically use the Restricted fund balances first, followed by Committed resources and then Assigned resources as appropriate opportunities arise, but reserves the right to selectively spend Unassigned resources first and to defer the use of these other classified funds.

7. Revenues and Expenditures

Property Taxes: The amount of taxes receivable at year-end is immaterial and, therefore, not accrued. Under Florida law, the assessment of all properties and the collection of all county, municipal and School Board property taxes are consolidated in the offices of the County Property Appraiser and County Tax Collector. The laws of the State regulating tax assessment are also designed to assure a consistent property valuation method statewide. State statutes permit cities to levy property taxes at a rate of up to 10 mils. The millage rate in effect for the fiscal year ended September 30, 2015, was 3.150.

All property is reassessed according to its fair market value on January 1 of each year. Each assessment roll is submitted to the Executive Director of the State Department of Revenue for review to determine if the rolls meet all of the appropriate requirements of State statutes.

The tax levy of the City is established by the City Commission prior to October 1 of each year and the Pinellas County Property Appraiser incorporates the millage into the total tax levy, which includes the municipalities, independent districts and the County School Board tax requirements.

All taxes are due and payable on November 1 of each year or as soon thereafter as the assessment roll is certified and delivered to the Tax Collector. The Pinellas County Tax Collector bills and collects all property taxes levied within the County. All unpaid taxes become delinquent April 1 following the year in which they are assessed. Discounts are allowed for early payment at the rate of 4% in the month of November, 3% in the month of December, 2% in the month of January and 1% in the month of February. The taxes paid in March are without discount.

Delinquent taxes on real property bear interest of 18% per year. On or prior to June 1, following the tax year, certificates are sold for all delinquent taxes on real property. Application for a tax deed on any unredeemed tax certificates may be made by the certificate holder after a period of two years. Unsold certificates are held by the County.

Delinquent taxes on personal property bear interest of 18% per year until the tax is satisfied either by seizure and sale of the property or by the five-year statute of limitations.

The City does not accrue its portion of the County-held certificates due to the immaterial amount.

Grants: Amounts received are restricted as to use in accordance with applicable grant requirements. Generally, these funds are subject to compliance requirements and must be returned to the grantors if they exceed the cost of the program or are used in violation of the grant regulations.

September 30, 2015

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

8. Bond Premium / Issuance Costs

In the governmental funds, bond premiums and issuance costs are recognized as current period other financing sources and current period expenditures, respectively.

In the government-wide statements, bond premiums and issuance costs pertaining to repayment insurance costs are deferred and amortized over the term of the bonds using the bonds outstanding method, which approximates the effective interest method. Bond premiums are reported as unearned revenues and issuance costs pertaining to repayment insurance are reported as unamortized debt costs.

9. Inter-fund Transactions

Inter-fund transactions are reflected as loans, services provided, reimbursements or transfers. Loans are reported as receivables and payables and are subject to elimination in the government-wide financial statements. Services provided are deemed to be at market or near market rates and are treated as revenues and expenditures/expenses and are not eliminated in the consolidation of the government-wide financial statements. Reimbursements occur when one fund incurs a cost and charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other inter-fund transactions are treated as transfers.

10. Comparative Data

The financial statements include summarized prior year comparative information that does not include, in all instances, sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the financial statements for the year ended September 30, 2014, from which such summarized information has been derived. The comparative data has been restated, when applicable, to reflect the impact of the implementation of GASB 68. The impact of the implementation and prior period adjustment is presented in Note M.

NOTE B - CASH, POOLED CASH AND CASH EQUIVALENTS AND INVESTMENTS

Pooled Cash

The City maintains a cash pool that is available for all funds except the Fiduciary Fund types. The City also has amounts invested with the State Board of Administration, Florida Municipal Investment Trust Fund (FMIVT) and Florida Surplus Asset Fund Trust (FL SAFE Fund) that are not pooled and includes restricted cash as well as cash that is available to the General Fund and Wastewater Fund.

Deposits

Florida Statutes and City policy require that all City demand accounts be in financial institutions that pledge collateral with the State Treasurer pursuant to Chapter 280, Florida Statutes. The City is required to verify that monies are on deposit with "qualified public depositories" as defined in Florida Statutes Section 280.02. Florida Statutes require that all qualified public depositories provide collateral each month equal to a least 50 percent of the public funds on deposit with the institution that are in excess of deposit insurance amounts. The carrying amount of the City's deposits as of September 30, 2015 was \$6,441,859, excluding \$2,925 petty cash and cash on-hand funds that are maintained. The State Treasurer may assess other qualified public depositories for a pro rata share of any loss suffered by a public depositor in excess of its depository's collateral. Since the City uses only authorized public depositories, all funds, including time deposits, deposited with financial institutions are in compliance with the City's policies.

September 30, 2015

NOTE B - CASH, POOLED CASH AND CASH EQUIVALENTS AND INVESTMENTS (continued)

Investments

Florida Statutes (218.415) authorize municipalities to invest excess funds in time deposits or savings accounts of financial institutions approved by the State Treasurer, obligations of the U. S. Government, U. S. Government Instrumentalities, State of Florida Local Government Surplus Trust Fund (State Board of Administration), and mutual funds investing in U. S. Government Securities.

The City adopted its own investment policy that also authorizes the City to invest in the following: a) Florida Municipal Investment Trust Fund, Florida Surplus Asset Fund Trust and any other investment pool organized pursuant to Florida Statutes Sections 163.01 and 218.415; b) Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency; c) Certificates, notes, bonds, or bills of the United States, or other obligations of the United States or its Agencies which are backed by the full faith and credit of the U. S. and include, but are not limited to: Government National Mortgage Association (GNMA), Farmers Home Administration, Small Business Administration (SBA), General Services Administration (GSA), Federal Housing Administration, and Housing and Urban Development (HUD); d) Obligations of government-sponsored corporations (Instrumentalities) which are eligible as collateral for advances to member banks as determined by the Board of Governors of the Federal Reserve (Instrumentalities are usually AAA rated, but have no explicit government guarantee) and include, but are not limited to: Federal National Mortgage Association (FNMA), Federal Farm Credit Banks, Federal Home Loan Bank (FHLB), Federal Home Loan Mortgage Corporation (FHLMC), Student Loan Marketing Association, and Tennessee Valley Authority (TVA); e) Collateralized Mortgage Obligations with very accurately defined maturities issued by Federal Agencies and their Instrumentalities that are rated AAA by a nationally recognized rating agency; (f) Non-negotiable Certificates of Deposit, which can be insured, collateralized at the Federal Reserve or qualify as State Public Deposits, as defined by Florida Statutes; g) Taxable or Tax Exempt Government bonds, notes or other obligations of investment grade quality (as established by a nationally recognized rating agency), municipal corporation, special district, and authority or political subdivision thereof; h) Repurchase Agreements with primary dealers or with the City's primary state qualified public depository that are evidenced by a Master Agreement to engage in this investment option and are fully collateralized by U. S. Government Obligations or any Agency or Instrumentality thereof (Reverse Repurchase Agreements are prohibited); and i) Securities in, or other interests in, any open-ended or closed-end management type investment company or investment trust registered under the Investment Company Act of 1940, provided the portfolio is limited to obligations of the U. S. Government or any agency or instrumentality thereof (Mutual Funds).

The City's investment policy states that, to the extent possible, investment maturities and liquidity shall be matched to anticipated cash flow requirements and unless an investment is matched to a specific cash flow such as a reserve requirement or other longer-term investment horizon, investments shall not have a maturity date of more than five (5) years from the date of purchase.

The Local Government Surplus Trust Fund (Florida PRIME) is an external investment pool administered by the Florida State Board of Administration which is a three member board made up of the State-elected officials of Governor, Chief Financial Officer and Attorney General. This Board is empowered by Florida law to invest funds at the request of local governments. The Florida PRIME is treated as a "2a-7 like" pool in accordance with GASB Statements No. 31 and No. 59 and is valued using the pooled share price (amortized cost), which approximates fair value. The Florida PRIME funds may be withdrawn upon demand. Fund B was accounted for as a fluctuating net asset value (NAV) pool.

The Florida Surplus Asset Fund Trust (Florida Safe Investment Pool) is a common law trust organized in 2007 under the laws of the State of Florida. The trust is administered by Prudent Man Advisors, Inc. and an elected five member Board of Trustees that oversees all actions and decides on general policies. The trust includes a liquid money market-like investment called the "FL SAFE Fund" and one or more Term Series portfolios that have a fixed duration. Participants in the trust may invest in the Fund and any Term Series portfolios and in a value-added program called the "Fixed Income Investment Program," through which the participants may purchase investments for their own portfolio. The Fund is accounted as a Stable Net Position Value investment pool.

CITY OF ST. PETE BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

September 30, 2015

NOTE B - CASH, POOLED CASH AND CASH EQUIVALENTS AND INVESTMENTS (continued)

The City’s investments, carried at fair value as of September 30, 2015, are:

Investment	Maturity	Fair Value	Rating
State Board of Administration – Florida PRIME	N/A	\$ 5,015,184	AAAm
Florida Municipal Investment Trust -0-2 Year High Quality Bond Fund	N/A	102,545	AAA/V1
Florida Safe Investment Pool	N/A	21,175,296	AAAm
Florida Safe Fixed Income Investment Program – Certificates of Deposit	3/16 to 9/18	996,785	Non-rated
Total investments		<u>\$27,289,810</u>	

The City does not participate in any securities lending transactions nor has it used, held or written derivative financial instruments.

Interest Rate Risk – In compliance with the City’s investment policy, as of September 30, 2015, the City minimized the interest rate risk, related to the decline in value of securities due to rising interest rates, by limiting the effective duration of security types not to exceed five years, except for required debt sinking fund purposes, and investing in short-term securities or similar investment pools so that securities mature to meet the cash requirements for ongoing operations, thereby avoiding the need to sell securities in the secondary market prior to maturity.

Credit Risk – In compliance with the City’s investment policy, as of September 30, 2015, the City minimized credit risk due to default of a security issuer or backer, by limiting investments to the safest types of securities and government investment pools, and by pre-qualifying the financial institutions with which the City does business.

A reconciliation of the amount of petty cash, deposits and investments reported as cash equivalents to the Statement of Net Position as of September 30, 2014, is as follows:

Petty cash	\$ 2,925
Deposits	6,441,859

CITY OF ST. PETE BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

September 30, 2015

NOTE F - LONG-TERM DEBT (continued)

Long-term debt for the governmental activities is comprised of the following as of September 30, 2015:

<u>Revenue Bonds, Series 2006</u> : Revenue Bonds in the amount of \$3,915,000 were issued through the Florida Municipal Loan Council to finance a portion of the construction of the new Recreation Center. The remaining bonds mature in various amounts annually, ranging from \$385,000 to \$420,000, through October 1, 2018. Interest on the remaining bonds accrues at a rate of 5.00% and is payable semi-annually on April 1 and October 1. The bond principal and interest is secured by and payable from non – ad valorem revenues	\$ 1,205,000
<u>Capital Improvement Revenue Bonds, Series 2015</u> : Revenue Bonds in the amount of \$13,000,000 were issued for the principal purpose of acquiring, constructing and equipping various capital improvements within the City. The outstanding bonds mature in various amounts annually, ranging from \$245,000 to \$720,000, through May 1, 2045. Interest on the outstanding bonds accrues at rates ranging from 2% to 5% and is payable semi-annually on May 1 and November 1. The bond principal and interest is secured by and payable from the Local Government Half-cent Sales Tax, the Guaranteed Entitlement Revenues portion of the State of Florida Revenue Sharing Trust Fund, utility service Franchise Fees and utility Public Service Tax revenues.	13,000,000
<u>Capital Leases</u> : The City currently leases a pumper fire truck under a lease-purchase agreement that expires in November, 2017. The lease terms require the City to pay any taxes, insurance and maintenance expenses related to the leased fire truck. The present value of future minimum lease payments is:	229,191
<u>Accumulated unused compensated absences</u> : Represents the vested portion of accumulated vacation and sick pay benefits due employees.	376,656
Total Governmental Activities Long-Term Debt	<u>\$14,810,847</u>

Long-term debt for the business-type activities is comprised of the following as of September 30, 2015:

<u>State Revolving Loan (2003)</u> : The City entered into a revolving loan agreement with the State of Florida Department of Environmental Protection (DEP) on November 5, 2001, whereby DEP agreed to finance a sanitary sewer and reclaimed water relocation – reconstruction project. The final amended agreement provided for a total amount of available loan proceeds of \$492,549. The total amount drawn on the loan, including capitalized interest and excluding service fees, was \$287,004. The loan is to be repaid in semi-annual installments of \$9,725, including interest at 3.05%, through September 15, 2023. The first payment was due March 15, 2004. The loan is secured by a lien on pledged revenues from the wastewater system after payment of operation and maintenance expenses.	\$ 137,145
<u>State Revolving Loan (2005)</u> : The City entered into a revolving loan agreement with the State of Florida Department of Environmental Protection (DEP) on May 14, 2004, whereby DEP agreed to finance a new master lift station. The final amended agreement provided for a total amount of available loan proceeds of \$3,630,146. The total amount drawn on the loan, excluding capitalized interest and service fees, was \$3,515,929. The remaining balance of the loan is to be repaid in semi-annual installments of \$111,053, including interest at 2.60%, through September 15, 2026. The first payment was due March 15, 2007. The loan is secured by a lien on pledged revenues from the wastewater system after payment of operation and maintenance expenses.	2,111,865

NOTES TO FINANCIAL STATEMENTS

September 30, 2015

NOTE F - LONG-TERM DEBT (continued)

Wastewater Utility System Revenue Bond, Series 2015: A revenue bond in the amount of \$5,000,000 was issued for the principal purpose of financing costs of the acquisition, construction and equipping of various capital improvements to the City’s wastewater utility system. The bond matures in various amounts annually, ranging from \$162,000 to \$355,000, through May 1, 2035. Interest on the outstanding bond accrues at a rate of 4.02% and is payable semi-annually on May 1 and November 1. The bond principal and interest is secured by and payable from the net revenues, including connection fees, of the Wastewater Utility System. \$ 5,000,000

Stormwater Improvement Assessment Bond, Series 2015: An assessment bond in the amount of \$3,000,000 was issued for the principal purpose of financing costs of the acquisition, construction and equipping of various stormwater improvements. The bond matures semi-annually on May 1 and November 1, in various amounts ranging from \$84,000 to \$126,000, through May 1, 2030. Interest on the outstanding bond accrues at a rate of 2.95% and is payable semi-annually on May 1 and November 1. The bond principal and interest is secured by and payable from the annual assessments levied on the real property benefited by the City’s Stormwater Utility System, and if necessary, other available non-Ad valorem revenues.. 3,000,000

Accumulated unused compensated absences: Represents the vested portion of accumulated vacation and sick pay benefits due employees. 28,091
 Total Business-Type Activities Long Term Debt \$10,277,101

Interest expense and fiscal charges for Governmental Activities in the amount of \$277,514 has been separately reported as interest on long-term debt in the Statement of Activities for the year ended September 30, 2015. Interest expense of \$188,646 has been reported for the Business-type Activities – Enterprise Funds for the year ended September 30, 2015.

Funding of Revenue Bonds, Series 2006

The total amount of principal and interest paid during fiscal year 2015 on the Revenue Bonds, Series 2006 was \$365,000 and \$78,500, respectively. The debt service payments are secured by non – ad valorem revenues. The City has identified the infrastructure sales tax revenues as the source for the debt service payments on the Revenue Bonds, Series 2006. The combined amount of debt service payments for the Revenue Bonds, Series 2006, and the amount of infrastructure sales tax revenues received for fiscal year 2015 was \$443,500 and \$923,839, respectively.

Funding Requirements for Capital Improvement Revenue Bonds, Series 2015

The bond agreement provides that the City will establish a debt service sinking fund which shall be dedicated solely for the repayment of the bonds. The required balances and the amount of restricted assets recorded in the Capital Improvement Projects Fund as of September 30, 2015, are as follows:

Interest account	\$ 137,569
Principal account	<u>131,250</u>
Total restricted assets	<u>\$ 268,819</u>

There were no debt service payments due on the bonds for the year ended September 30, 2015. Interest expense has been accrued as of September 30, 2015 in the amount of \$137,569.

CITY OF ST. PETE BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

September 30, 2015

NOTE F - LONG-TERM DEBT (continued)

Funding Requirements of State Revolving Loan (1992)

The loan agreement provided that the City would initially establish an escrow account in the amount of \$4,342,334, which would be reserved along with the earnings thereon, and dedicated solely for the repayment of the loan. This Escrow account was established and was accounted for in the Reclaimed Water Fund as a restricted asset. Additionally, the City was required to establish a pledged revenue escrow account in the amount of \$100,000, which was to be reserved, along with the earnings thereon, as pledged security for the loan. A loan repayment reserve account was also required to be established in the amount of 15% of the annual loan payment. The escrow account and loan repayment reserve account were accounted for in the Reclaimed Water Fund as restricted assets.

The City used the Reserved Escrow Account funds to purchase \$4,342,417 of U.S. Treasury Zero Coupon Bonds with an original face value of \$10,000,000. The U.S. Treasury bonds matured in \$500,000 increments annually for twenty years through November 15, 2014. This maturity schedule coincided with the annual loan repayment terms requiring annual payments through December 31, 2014. The balance remaining in the pledged reserve escrow account after the final payment was made in December 2014 became unrestricted at that time is available for the general operations of the Reclaimed Water Fund.

The total amount of principal and interest paid for fiscal year 2015 on the 1992 State Revolving Loan was \$597,083, of which \$500,000 was paid from the maturing U. S. Treasury bond and \$97,083 from the pledged reclaimed water system revenues. The total amount of reclaimed water system revenues for fiscal year 2015 was \$867,797.

Funding Requirements of State Revolving Loan (2003)

The loan agreement provides that the City shall establish a Loan Repayment Reserve Account in the amount of \$14,346 by September 15, 2003 which shall be dedicated solely for the repayment of the loan. Additionally, a Loan Debt Service Account shall be established by September 15, 2003 into which shall be deposited monthly 1/6th of the semi-annual loan payment of \$9,725. These Escrow accounts have been established and are accounted for in the Wastewater Fund as a restricted asset. The required balances and the amount of restricted assets as of September 30, 2015, are as follows:

Loan Repayment reserve account	\$ 14,346
Loan Debt Service account	1,621
Total restricted assets	<u>\$ 15,967</u>

The total amount of principal and interest paid for fiscal year 2015 on the 2003 State Revolving Loan was \$19,449. This amount was paid from the pledged wastewater system revenues. The total amount of wastewater system revenues plus debt proceeds utilized for fiscal year 2015 was \$5,327,850 and operating expenditures and capital outlay expenditures, exclusive of debt service payments totaled \$5,362,679. The short-fall in available funds required the use of cash accumulated in prior years.

Funding Requirements of State Revolving Loan (2005)

The loan agreement provides that a Loan Debt Service Account shall be established by September 15, 2006 into which shall be deposited monthly 1/6th of the semi-annual loan payment of \$111,053. This Escrow account has been established and is accounted for in the Wastewater Fund as a restricted asset. The required balance and the amount of restricted assets as of September 30, 2015, are as follows:

Loan Debt Service account	\$ 20,927
Total restricted assets	<u>\$ 20,927</u>

CITY OF ST. PETE BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

September 30, 2015

NOTE F - LONG-TERM DEBT (continued)

The total amount of principal and interest paid for fiscal year 2015 on the 2005 State Revolving Loan was \$222,106. This amount was paid from the pledged wastewater system revenues. The total amount of wastewater system revenues plus debt proceeds utilized for fiscal year 2015 was \$5,327,850 and operating expenditures and capital outlay expenditures, exclusive of debt service payments totaled \$5,362,679. As stated above, the short-fall in available funds required the use of cash accumulated in prior years.

Funding Requirements for Wastewater Utility System Revenue Bond, Series 2015

The bond agreement provides that the City will establish a debt service sinking fund which shall be dedicated solely for the repayment of the bond. The required balances and the amount of restricted assets recorded in the Wastewater Fund as of September 30, 2015, are as follows:

Interest account	\$ 86,077
Principal account	67,500
Total restricted assets	<u>\$ 153,577</u>

There were no debt service payments due on the bond for the year ended September 30, 2015. Interest expense has been accrued as of September 30, 2015 in the amount of \$89,211.

Funding Requirements for Stormwater Improvement Assessment Bond, Series 2015

The bond agreement provides that the City will establish a debt service sinking fund which shall be dedicated solely for the repayment of the bond. The required balances and the amount of restricted assets recorded in the Stormwater Fund as of September 30, 2015, are as follows:

Interest account	\$ 34,724
Principal account	35,000
Total restricted assets	<u>\$ 69,724</u>

There were no debt service payments due on the bond for the year ended September 30, 2015. Interest expense has been accrued as of September 30, 2015 in the amount of \$31,607.

The restricted assets pertaining to the funding requirements for the City's long-term debt are presented in the accompanying Statement of Net Position as of September 30, 2015 as follows:

Current assets – Restricted cash equivalents	
Long-term debt requirements	
Capital Improvement Revenue Bonds, Series 2015	\$ 268,819

NOTE G - PENSIONS

Defined Benefit Plans

The City administers three defined benefit pension plans (the Plans): the Police Officers' Retirement System (Police Pension), the Firefighters' Retirement System (Firefighters' Pension) and the General Employees' Retirement System (General Pension). All three of the Plans are single employer defined benefit plans. The Plans are administered pursuant to the following laws: Police Pension - Florida Statutes Chapter 185; Firefighters' Pension - Florida Statutes Chapter 175, and General Pension - City Code of Ordinances Chapter 16, Article III. The Plans are reported herein as Fiduciary Funds as part of the City's reporting entity. The financial statements of each Plan are included in the Comprehensive Annual Financial Report of the City. The Plans do not issue stand-alone financial reports.

The investments of the Plans are held by the City in a trustee capacity and are maintained in segregated trust accounts for each Plan. The trust accounts are managed by a professional trustee pursuant to trust agreements with the City. The costs of administering the pension funds, including professional fees, are paid by each respective pension plan.

CITY OF ST. PETE BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

September 30, 2015

NOTE G – PENSIONS (continued)

The Police Pension is administered by a 5-member Board of Trustees that is comprised of two legal residents appointed by the City Commission, two members of the system elected by a majority of the membership, and the fifth member is elected by the other four members and is appointed by the Commission.

The Firefighters’ Pension is administered by a 5-member Board of Trustees that consists of two individuals appointed by the City Commission, two full-time firefighters who are elected by a majority of the members of the plan, and a fifth Trustee who is chosen by a majority of the other four members.

The General Pension is administered by a 5-member Board of Trustees that is made up of the Mayor, City Manager, two employee members elected by the membership, and one public member appointed by the City Commission.

The Plans’ significant accounting policies are as follows (several of these policies are briefly disclosed in Note A to the financial statements):

Basis of Accounting: The Plans’ financial statements are prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions to the plans are recognized when due and the employer has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the Plans.

Method Used to Value Investments: Investments are reported at fair value. Short-term money market type investments are reported at cost, which is equal to fair value. Securities traded on a national exchange are valued at the last reported sales price.

Plan Description: Each of the Plans provides retirement, disability, death benefits and deferred retirement option plans (DROP) to plan members and their beneficiaries. Each Plan has early retirement provisions and cost of living increase provisions.

Membership of the Plans: Membership of each plan consisted of the following at October 1, 2014:

	Police Pension	Firefighters’ Pension	General Pension
Inactive plan members or beneficiaries currently receiving benefits	26	24	77
Inactive plan members entitled to but not yet receiving benefits	7	3	45
Active plan members	1	26	19
	<u>34</u>	<u>53</u>	<u>141</u>

Benefits Provided:

Police Pension:

1. As a result of the Police Department being merged into the Pinellas County Sheriff’s Department, Plan members can elect to remain in the Police Pension or enter into the Florida Retirement System.
2. A freeze on all accrued benefits was implemented as of January 31, 2013 except for Plan members who have attained age 55 or 25 years of credited service as of that date. Such members will accrue benefits in accordance with the Plan provisions in effect prior to January 31, 2013: members hired before 10-1-81 will receive 3.2% of average final compensation for service to 10-1-81 plus 4% of average final compensation for service from 10-1-81 to 1-13-13 and for members hired after 10-1-81 will receive 3.2% of average final compensation for service up to 1-31-13.

September 30, 2015

NOTE G – PENSIONS (continued)

3. For all Plan members that had not completed 10 years of credited service by January 31, 2013, the normal retirement date will be the earlier of attaining age 60 and the completion of 10 years of credited service or the completion of 30 years of credited service regardless of age.
4. Early retirement is the earlier of age 50 and 10 years of credited service and 20 years of credited service regardless of age for frozen benefits. There is no early retirement for those that don't have frozen benefits, except that if a member had 10 years of credited service on January 31, 2013 then prior retirement criteria applies to both benefits. The amount is equal to the accrued benefit, reduced 3% per year.
5. A member is 10% vested after 1 year of credited service plus 10% per year thereafter up to 100% after 10 years if they have frozen benefits and 100% after 10 years of credited service for all other participants. A member will receive the vested portion of their accrued benefit payable at the otherwise normal retirement date.
6. Members are eligible for total and permanent disability benefits after 10 years of credited service (for non-service incurred) or from the date of hire (for service-incurred). The benefits are accrued to the date of disability but not less than 50% of average final compensation for service-incurred disability.
7. Pre-retirement death benefits for vested individuals is equal to the value of accrued benefits payable on a monthly basis to the beneficiary for 10 years. For non-vested members, benefits include a refund of contributions without interest.
8. Retirees receive a 3% per year cost of living adjustment (COLA) commencing 7 years after retirement (10 years after retirement if they retired prior to March 14, 2006) on any frozen benefits. There is no COLA for members without frozen benefits.
9. Plan members will not be able to enter the Deferred Retirement Option Program (DROP) effective February 1, 2013 except for Plan members who have attained age 55 or 25 years of credited service as of that date. Participation is not to exceed 60 months and the member can elect a rate of return equal to 7.5% annual rate or actual net rate of investment return credited each fiscal quarter. The DROP balance as of September 30, 2014 was \$369,630.
10. Member contribution rates were lowered from 8.3% to 3% effective February 1, 2013 except for Plan members who have attained age 55 or 25 years of credited service as of that date who will continue to make contributions at 8.3%.

Firefighters' Pension:

1. A freeze on all accrued benefits was implemented as of December 31, 2012 except for Plan members who have attained the earlier of age 55 or 25 years of credited service as of that date, regardless of age. Such members will accrue benefits on the frozen portion in accordance with the Plan provisions in effect prior to December 31, 2012, receiving 3.4% of their average final compensation times credited service.
2. The normal retirement date for all Plan members that had not completed 10 years of credited service by January 1, 2013 such that the normal retirement date is the earlier of attaining age 60 or the completion of 30 years of credited service regardless of age. These members will receive 1.25% of their average final compensation times credited service.
3. The maximum combined benefit is 75% of average final compensation. If a member's accrued benefit as of January 1, 2013 is greater than or equal to 75% of average final compensation, the benefit percentage may not be reduced.
4. For members with frozen benefits, early retirement is the earlier of age 50 and 10 years of credited service or the completion of 20 years credited service, regardless of age. The benefit amount is the accrued benefit reduced by 3% for each year commencement of benefits precedes the normal retirement date. There is no early retirement for members without frozen benefits.
5. A member becomes 100% vested after attaining 10 years of credited service and is 0% vested prior to attaining 10 years of credited service. The members will receive the vested portion of their accrued benefits payable at the otherwise normal retirement date. Pre-freeze members will continue to use the 10% per year vesting schedule.
6. Members are eligible for total and permanent disability benefits after 10 years of credited service (for non-service incurred) or from the date of hire (for service-incurred). The benefits are accrued to the date of disability but not less than 42% of average final compensation for service-incurred disability.
7. Pre-retirement death benefits for vested individuals is equal to the value of accrued benefits payable on a monthly basis to the beneficiary for 10 years. For non-vested members, member contributions are refunded.

CITY OF ST. PETE BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

September 30, 2015

NOTE G – PENSIONS (continued)

8. Retirees receive a 3% per year cost of living adjustment (COLA) commencing 7 years after retirement on any frozen benefits. There is no COLA for members without frozen benefits.
9. Plan members will not be able to enter the Deferred Retirement Option Program (DROP) effective January 1, 2013 except for Plan members who have attained age 55 or 25 years of credited service as of that date. Participation is not to exceed 60 months and the member can elect a rate of return equal to 7.5% annual rate or the actual net rate of investment return credited each fiscal quarter. The DROP balance as of September 30, 2015 was \$-0-.
10. Member contribution rates were lowered from 10.3% to 3% effective February 1, 2013 except for Plan members who have attained age 55 or 25 years of credited service as of that date who will continue to make contributions at 10.3%.

General Pension:

1. A freeze on all accrued benefits was implemented as of September 30, 2012 except for Plan members who have attained age 55 or 25 years of credited service as of that date, regardless of age. Such members will accrue benefits on the frozen portion in accordance with the Plan provisions in effect prior to September 30, 2012, receiving 2.25% of their average final compensation times credited service.
2. The normal retirement date for members hired before October 1, 2002 is the earlier of age 55 or the completion of 25 years of credited service, regardless of age. For individuals hired after October 1, 2002, normal retirement is the earlier of age 60 with 10 years of credited service or the completion of 30 years credited service, regardless of age, and will receive 1.00% of average final compensation time credited service earned on and after October 1, 2012.
3. The maximum combined benefit is 75% of average final compensation.
4. For members with frozen benefits, early retirement is age 50 and the completion of 10 years of credited service. The benefit amount is the accrued benefit reduced by 1/15th for each year that the commencement of payments precedes normal retirement. There is no early retirement for members without frozen benefits.
5. A member becomes 10% vested after 1 year of credited service for frozen benefits and is 100% vested after attaining 10 years of credited service. Members without frozen benefits are 0% vested prior to attaining 10 years of credited service. A member will receive the vested portion of their accrued benefit payable at the otherwise normal retirement date or on a reduced basis beginning at early retirement.
6. Members are eligible for total and permanent disability after 10 years of credited service. The benefit is accrued to the date of disability.
7. Pre-retirement death benefits are equal to the value of the accrued benefit payable on a monthly basis to the designated beneficiary for 10 years.
8. Retirees receive a 3% per year cost of living adjustment (COLA) on any frozen benefits after completing 10 years of retirement. There is no COLA for members without frozen benefits.
9. Plan members will not be able to enter the Deferred Retirement Option Program (DROP) effective October 1, 2012 except for Plan members who have attained age 55 or 25 years of credited service as of that date. Participation is not to exceed 60 months and the member can elect a rate of return equal to 7.5% annual rate or the actual net rate of investment return credited each fiscal quarter. The DROP balance as of September 30, 2015 was \$287,099.
10. Member contribution rates were lowered from 7.6% to 3% effective February 1, 2013 except for Plan members who have attained age 55 or 25 years of credited service as of that date who will continue to make contributions at 7.6%.

Net Pension Liability: As noted previously, during the year ended September 30, 2015, the City adopted GASB 68 *Accounting and Financial Reporting for Pensions*. This required the City to record on its financial statements, its net pension liability for the Police Pension, Firefighters' Pension and General Pension. The net pension liability is measured as the portion of the present value of projected benefit payments to be provided through the pension plan to current active and inactive employees that is attributed to those employees' past periods of service (total pension liability), less the amount of the pension plan's fiduciary net position.

The City's pension liability recorded in the September 30, 2015 financial statements was measured as of September 30, 2015.

CITY OF ST. PETE BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

September 30, 2015

NOTE G – PENSIONS (continued)

Actuarial Assumptions: The total pension liability was determined using the following actuarial assumptions:

	Police Pension	Firefighters' Pension	General Pension
Projected salary increases	5% per year	4.5% per year	5% per year
Inflation rate	3%	3%	3%
Discount rate	7%	7.75%	7.75%
Investment rate of return	7%	7.75%	7.75%
Mortality rate	RP 2000 Combined Healthy Mortality Table, Disabled Lives Set Forward 5 Years	Sex Distinct RP 2000 Combined Healthy Mortality Table, Disabled Lives Set Forward 5 Years	Sex Distinct RP 2000 Combined Healthy Mortality Table, Disabled Lives Set Forward 5 Years

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The best estimates of arithmetic real rates of return for each major asset class included in the Plans' adopted target asset allocation policy as of September 30, 2015 are summarized in the following table:

<u>Asset Class</u>	<u>Police Pension Target Allocation</u>	<u>Police Pension Expected Return</u>	<u>Firefighters' Pension Target Allocation</u>	<u>Firefighters' Pension Expected Return</u>	<u>General Pension Target Allocation</u>	<u>General Pension Expected Return</u>
Domestic Equity	45%	7.5%	50%	7.5%	48%	7.64%
International Equity	10%	8.5%	10%	8.5%	6%	7.61%
Global Fixed Income	5%	3.5%	5%	3.5%	-	-
Domestic Fixed Income	40%	2.5%	-	-	-	-
Broad Market Fixed Income	-	-	35%	2.5%	-	-
Fixed Income	-	-	-	-	40%	2.35%
Real Estate Investment Trusts	-	-	-	-	6%	5.77%

None of the plans held investments in any one organization that represents 5% or more of the Plans' fiduciary net position.

The annual money-weighted rate of return on Plan investments, net of investment expense for the year ended September 30, 2015 was:

Police Pension	Firefighters' Pension	General Pension
-1.17%	-.66%	-.06%

The discount rate used to measure the total pension liability was 7% for the Police Pension, 7.75% for the Firefighters' Pension and 7.75% for the General Pension. The projection of cash flows used to determine the discount rate assumed that plan member (employees) contributions will be made at the current contribution rate and that plan sponsor (employer) contributions will be made at rates equal to the difference between actuarially determined contribution rates and the plan member rate. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all

CITY OF ST. PETE BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

September 30, 2015

NOTE G – PENSIONS (continued)

projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on Plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Net Pension Liability:

	Police Pension	Firefighters' Pension	General Pension
Total Pension Liability	\$ 16,544,688	\$ 16,543,943	\$ 16,679,049
Plan Fiduciary Net Position	(11,133,316)	(10,621,034)	(11,288,879)
Net Pension Liability	\$ 5,411,372	\$ 5,922,909	\$ 5,390,170
Net Position as a Percentage of Total Pension Liability	67.29%	64.20%	67.68%

Change in Net Pension Liability: The change in the net pension liability for each pension plan for the year ended September 30, 2015 is as follows:

Police Pension

	Increase (Decrease)		
	Total Pension Liability a	Plan Fiduciary Net Position b	Net Pension Liability a -b
Beginning balance	\$ 16,270,332	\$ 11,856,983	\$ 4,413,349
Changes for the year:			
Service cost	15,380	-	15,380
Interest	1,101,556	-	1,101,556
Differences between expected and actual experience	255,813	-	255,813

Defined Contribution Plans

Plan Description: The City implemented a defined contribution - money purchase - retirement plan (the Plan) during fiscal year 2005. Eligible participants consist of the city manager, department directors and other managerial, administrative, professional and supervisory personnel that have opted out of the General Employees' Retirement System. All Plan provisions, including benefits, eligibility and vesting, are established by the City Commission and can only be amended with Commission approval.

Funding Policy: Pursuant to the Plan agreement the City contributes 12% of eligible wages pertaining to the city manager and department directors and 10% of eligible wages for all other personnel that elect to participate. The City's contributions for

CITY OF ST. PETE BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

September 30, 2015

NOTE G – PENSIONS (continued)

the years ended September 30, 2015, 2014 and 2013 were \$134,768, \$133,278, and \$120,169, respectively. The City contributed the required amount for each fiscal year.

Plan Description: The City implemented an additional defined contribution - money purchase - retirement plan (the General & Special Risk Retirement Plan) effective October 1, 2012. Eligible participants consist of non-managerial general employees and firefighters that elect to participate in the General & Special Risk Retirement Plan. Participants that elect to participate in the General & Special Risk Retirement Plan are still required to participate in the Firefighters' Pension Plan or the General Pension Plan.

Funding Policy: The City makes a matching contribution to the General & Special Risk Retirement Plan as follows: general employees with less than 14 years of credited service as of October 1, 2012 can contribute up to 5% of their earnings each year and the City will match 50% of the contribution percentage up to 2.5% of the employee's contribution; general employees with more than 14 years of credited service as of the effective date can contribute up to 5% of earnings and the City will match 75% of the contribution percentage up to 3.75% of the employee's contribution. Firefighters with less than 14 years of credited service as of October 1, 2012 can contribute up to 10% of their earnings each year and the City will match 50% of the contribution percentage up to 5% of the employee's contribution; Firefighters with more than 14 years of credited service as of the effective date can contribute up to 10% of earnings and the City will match 75% of the contribution percentage up to 7.5% of the employee's contribution. The City's matching contribution for September 30, 2015, 2014 and 2013 was \$122,024, \$118,189 and \$81,238, respectively. The City contributed the required amount for the year.

The Plans are administered by ICMA Retirement Corporation. The Plan provides retirement benefits to plan members and beneficiaries. ICMA Retirement Corporation issues financial statements and reports as well as required supplementary information regarding the Plan. This information can be obtained by writing ICMA Retirement Corporation at 777 North Capitol Street NE, Washington, D.C. 20002-4240 or by calling 800-326-7272.

NOTE H – OTHER POSTEMPLOYMENT BENEFITS PLAN

The City adopted the provisions of GASB Statement 45, "Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions", as of October 1, 2008. This Statement provides for the determination and disclosure of the annual cost of providing other postemployment benefits (OPEB). The City provides other postemployment benefits in the form of the Other Postemployment Benefits Program.

Plan Description: The City provides a defined benefit postemployment health care, dental and life insurance plan, the Other Postemployment Benefits Program (the Plan), whereby retired employees are able to purchase health care, dental and life benefits through the City's health care, dental and life insurance providers. The Plan is administered by the City as a single-employer plan. The Plan is currently unfunded. There is no separate trust through which benefits for retirees are funded. No assets are currently accumulated or earmarked for the Plan. All approved benefits are paid from general assets when due. The Plan does not issue separate, stand-alone audited financial statements.

To be eligible to participate in the Plan, *General employees* must have been participating in the City's General Employee Pension Plan and have retired at age 60 with a minimum of 10 years of vesting service, or the completion of 30 years of service (earlier of 55 years old or 25 years of service if hired before October 1, 2002.). *Firefighter employees* are eligible to participate in the Plan if have been participating in the City's Firefighters' Pension Plan and they retire at the age of 60 with 10 years of service, or upon completion of 30 years of service. *Police Officer employees* are eligible to participate in the Plan if they have been participating in the City's Police Pension Plan and they retire at the age of 60 or above with 10 years of service, or the completion of 30 years of service (earlier of 55 or 25 years of service if hired before February 1, 2003.)

The retired employees (including their eligible dependents) that are eligible to participate in the Plan are required to pay 100% of their respective health care, dental and life insurance premiums.

CITY OF ST. PETE BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

September 30, 2015

The City’s overall cost of providing health care, dental and life insurance benefits is increased as a result of an implicit insurance rate subsidy resulting from retired employees being permitted to pay lower than age-adjusted premiums through the use of blended premiums for both retirees and active employees. The resulting incremental increase in health care, dental and life insurance premiums results in an actuarial accrued liability to the City based on projected health care, dental and life insurance costs.

Funding Policy: The annual required contribution to fund the incremental cost of the benefits plan is based on a pay-as-you-go funding approach. For the year ended September 30, 2015, the expected contribution for the City was \$2,029.

Annual Other Postemployment Benefit Cost (OPEB) and Net OPEB Obligation: The City’s annual other postemployment benefit (OPEB) cost (expense) is calculated based on the annual required contribution (ARC) of the employer, an amount actuarially determined in accordance with the parameters of GASB Statement 45, “Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions”. The ARC represents a level of funding that would be required to cover the normal cost of the plan each year on a pay-as-you-go basis assuming a 30 year amortization period. The following table shows the City’s annual OPEB cost and the amount expected to be contributed by the City towards this OPEB obligation:

Actuarial Methods and Assumptions: Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, termination, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and annual required contributions of the employer are subject to continual revision and actual results are compared with past expectations and new estimates made about the future. Projections of benefits for financial reporting purposes are based on the substantive plan provisions, as understood by the employer and participating members, and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employer and participating members. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial liabilities consistent with the long-term perspective of the calculations.

The annual OPEB cost and the expected City contribution is in the following table.

	Pay-As-You-Go Funding - Fiscal Year Ending 9/30/15
Annual Required Contribution (ARC)	\$ 9,033
Interest on net OPEB obligation	244
Adjustment to ARC	-
Annual OPEB cost	9,277
Expected employer contribution	2,029
Increase in net OPEB obligation	7,248
Net OPEB obligation beginning of year	49,365
Net OPEB obligation end of year	\$ 56,613

Other Required Supplementary Information:

Three year trend information:

Year Ending	Annual OPEB Cost	Percentage of OPEB Cost Contributed	Net OPEB Obligation
9/30/15	\$ 9,277	21.9%	\$ 56,613
9/30/14	9,277	21.9%	49,365
9/30/13	9,277	21.9%	42,118

NOTE I - RISK FINANCING

The City is subject to losses in the normal course of operations resulting from general liability, property and casualty, workers' compensation, employee health and accident, environmental and antitrust matters. The City has purchased commercial insurance to protect against property loss as a result of flooding and employee health losses. The City is insured through Public Risk Management of Florida for purposes of protecting against workers' compensation losses, real and personal property losses, automobile damage, and general liability, including malpractice and errors and omissions.

The City does not self-insure against any risks. To the extent that the City has purchased commercial insurance, all risk of loss has been transferred to the insurance underwriter.

Public Risk Management of Florida is a risk pool that assumes the risk of loss for all participating members. The members are subject to additional premium assessments in the event that the risk pool requires additional funding to satisfy all claims. The City has not been assessed any additional insurance premiums for the year ended September 30, 2015, nor is the City aware of any contingent assessments. The City has not reduced insurance coverage from the prior year for any category of insurance risk. Settlement claims, if any, have not exceeded insurance coverage at any time for each of the past three fiscal years.

NOTE J - DEFERRED COMPENSATION PLAN

The City offers certain employees a deferred compensation plan (the Plan) created in accordance with Internal Revenue Code Section 457. The Plan, which is managed by independent plan administrators, permits employees to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency. All amounts of compensation deferred under the plan, all property and rights purchased with those

NOTES TO FINANCIAL STATEMENTS

September 30, 2015

NOTE J - DEFERRED COMPENSATION PLAN (continued)

amounts and all income attributable to those amounts are held in trust for the exclusive benefit of the participants and their beneficiaries. The fiduciary responsibility for the plan assets has been conveyed to a third party administrator. As a result, these assets are not reported in the accompanying financial statements.

NOTE K – COMMITMENTS AND CONTINGENCIES

Sewer Service: On November 29, 2001, the City entered into a new contract with the City of St. Petersburg to treat wastewater. This contract will be in effect as long as the City of St. Petersburg's Northwest Treatment Plant is in operation. The rates paid are set by the City of St. Petersburg, using a rate formula containing the following factors: Operation and Maintenance Charge and Capital Charge: The Capital Charge for improvements made to the wastewater system before April 1, 2001 will be a net annual amount of \$247,129 paid in monthly installments for the period October 1, 2001 to September 30, 2006; \$274,375 for fiscal year 2007; \$301,621 for fiscal year 2008, and for fiscal years after 2008 annual amounts beginning at \$99,467 and declining until full payment has been made in fiscal year 2025. The City's allocable share of new capital improvements to the wastewater system will be billed based upon the indebtedness incurred by the City of St. Petersburg to construct the improvements or an agreed upon pay-as-you-go basis.

Law Enforcement: Through a voter referendum held in November, 2012, the Citizens of St. Pete Beach approved a charter amendment to dissolve the City's Police Department and allow the City to contract with the Pinellas County Sheriff's Department for law enforcement services with an effective date of January 6, 2013. For the fiscal year ending September 30, 2015, the City paid \$2,198,947 for law enforcement services through the Pinellas County Sheriff's Department. The City Commission continued this contract for services for the fiscal year ended September 30, 2016 in the amount of \$2,287,775.

Commitments: At September 30, 2015 contractual commitments in the Governmental Fund Types totaled \$13,326,386 of which \$12,400,521 will be paid from unexpended bond proceeds recorded in the Capital Improvements and \$925,865 will be paid from committed fund balances. Contractual commitments for the Proprietary Funds totaled \$322,257 as of September 30, 2015.

The City entered into a Consent Order dated November 21, 2014 with the State of Florida Department of Environmental Protection (the Department) whereby the City has agreed to perform various rehabilitation projects to the City's wastewater system to prevent unauthorized releases or spills of wastewater into Gulf of Mexico or Boca Ciega Bay. The Consent Order also requires the City to promptly report all unauthorized releases or spills to the Department. The City has maintained compliance with all requirements of the Consent Order and has completed several of the rehabilitation projects.

Contingent Liability: As of September 30, 2015, the City is involved in legal matters that are incidental to its routine operations. The City is a defendant in one legal matter that is currently being litigated for which it is reasonably possible that a liability will be incurred by the City for damages said to have been incurred by the plaintiff in the litigation.

The litigation matter resulted in a jury trial in which the plaintiff was awarded damages of approximately \$2.2 million. The City is seeking a reduction in the amount of the damages awarded and is also evaluating, with the assistance of legal counsel, whether to appeal the case. A portion of the awarded damages of approximately \$700,000 would be satisfied through the City's insurance coverage in the event that the damage award was not reduced or otherwise eliminated. As of the date of the audit report, the amount of loss in this matter can not be reasonably estimated.

It is the opinion of management, based upon the advice of legal counsel, that the likely outcomes of other legal matters in which the City is involved will not be material in nature to the overall operating results of the City.

NOTES TO FINANCIAL STATEMENTS

September 30, 2015

NOTE L – SPECIAL ITEM – LEGAL SETTLEMENTS AND UN-MATURED LONG-TERM DEBT – JUDGMENT PAYABLE

The City entered into three legal settlements that pertained to the fiscal year September 30, 2015, or earlier periods, that resulted in the payment of legal fees on behalf of opposing parties involved in legal matters. The amount of the legal settlements recorded within the General Fund in the fiscal year ended September 30, 2015 was \$428,637. This amount has been reported as a *Special Item – Legal Settlements* in the accompanying Statement of Revenues, Expenditures and Changes in Fund Balances – Governmental Funds.

One of the settlements, in the amount of \$495,637, provided for installment payments to be made by the City as follows: \$122,137 due October 21, 2015; \$150,000 due by January 10, 2016; \$133,500 due by October 1, 2016 and \$90,000 due by October 1, 2017. The settlement payments are to be paid out of the General Fund. The first two payments totaling \$272,137 that are to be paid in the subsequent fiscal year have been accrued as a liability and expenditure in the General Fund as of September 30, 2015 as these payments will be paid with expendable available financial resources. The third and fourth payments totaling \$223,500 have been recorded as a non-current liability – “Un-matured long-term debt – judgment payable” - and as an expense in the Governmental Activities as reported in the accompanying Statement of Net Position and Statement of Activities, respectively, as the \$223,500 represents a long-term liability that will not be paid with currently available expendable resources. The \$223,500 has not been recorded as a liability and expenditure in the General Fund as of September 30, 2015 as these installments will not be paid from currently available expendable resources. The amount of Legal Settlements reported as a *Special item* in the Statement of Activities is \$652,137 (\$428,637 plus \$223,500).

NOTE M – PRIOR PERIOD ADJUSTMENTS

During the year 2015, the City implemented GASB Statement No. 68, *Accounting and Financial Reporting for Pensions* and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*. As a result of the implementation of GASB Statements 68 and 71, the City has reported a restatement of its net position for the change in accounting principle as of October 1, 2013. The restatements to net position were reported in the accompanying Statement of Net Position (pages 16 and 17), Statement of Activities (pages 18 and 19), Balance Sheet – Proprietary Funds (pages 24 and 25) and Statement of Revenues, Expenses, and Changes in Net Position – Proprietary Funds (page 27). The effects of implementing the statements are as follows:

Governmental Activities

Increase in deferred outflows of resources	\$	1,696,472
Increase in deferred inflows of resources		-0-
Increase in net pension liability		(14,824,550)
Decrease in prepaid asset – Net pension obligation		(1,112,678)
Decrease in net position		14,240,756

Business-type Activities – Wastewater, Reclaimed and Stormwater Funds

Increase in deferred outflows of resources	\$	71,812
Increase in deferred inflows of resources		-0-
Increase in net pension liability		(658,115)
Decrease in net position		586,303

The prior period adjustment recorded in the Statement of Activities as of October 1, 2013 in the amount of \$14,827,059 is comprised of the decrease in net position for the Governmental Activities in the amount of \$14,240,756 plus the decrease in net position for the Business-type Activities in the amount of \$586,303.

CITY OF ST. PETE BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

September 30, 2015

NOTE N - SUBSEQUENT EVENTS

The City has considered subsequent events through the date of the audit report which is the date that the financial statements were available to be issued. There were no subsequent events that required an adjustment to the financial statements or disclosure in the notes to the financial statements.

(This space left blank intentionally.)

Required Supplementary Information

The required supplementary information includes a budgetary comparison schedule for the General Fund and schedules depicting the funding progress and contributions for the three defined benefit pension plans.

BUDGETARY COMPARISON SCHEDULE
GENERAL FUND

For the Year Ended September 30, 2015 (continued)
With Comparative Actual Amounts for the Year Ended September 30, 2014

EXPLANATION OF DIFFERENCES BETWEEN BUDGETARY INFLOWS AND
OUTFLOWS AND GAAP REVENUE AND EXPENDITURES

SOURCES/INFLOWS OF RESOURCES

Actual amounts (budgetary basis) "available for appropriation" from the budgetary comparison schedule.	\$ 17,011,554
Differences - budget to GAAP:	
Proceeds from sale of surplus capital assets are inflows of budgetary resources but are not revenues for financial reporting purposes.	<u>(23,615)</u>
Total revenues as reported on the statement of revenues, expenditures, and changes in fund balances - governmental funds.	<u>\$ 16,987,939</u>

USES/OUTFLOWS OF RESOURCES

Actual amounts (budgetary basis) "total charges to appropriations" from the budgetary comparison schedule.	\$ 15,903,838
Differences - budget to GAAP:	
Transfers out are outflows for budgetary purposes but are not expenditures for financial reporting purposes.	(1,904,000)
Special Item - Legal settlements are reported separately.	<u>(428,637)</u>
Total expenditures as reported on the statement of revenues, expenditures, and changes in fund balances - governmental funds.	<u>\$ 13,571,201</u>

Covered employee payroll	\$ 124,414	\$ 9,453
Contributions as a percentage of covered employee payroll	535.32%	5632.34%

NOTES TO SCHEDULE

Valuation date: September 30, 2013
 Actuarially determined contribution rates are calculated as of September 30, two years prior to the end of the fiscal year in which contributions are reported.

Methods and Assumptions Used to Determine Contribution Rates:

Funding Method: Entry Age Normal Actuarial Cost Method
 Amortization Method: Level % of Pay, Closed
 Remaining Amortization Period: 30 years as of 10-01-13
 Mortality: RP-2000 Combined Health Mortality Table - disabled lives are set forward 5 years. Based on a study of over 650 public safety plans, this table reflects a 10% margin for future mortality improvements.
 Interest Rate: 7.75% per year compounded annually, net of investment related expenses.
 Inflation: 3.0% per year.
 Retirement Rates: Age and experience-based probability table considering eligibility for normal retirement.
 Salary Increases: 5.0% per year up to the assumed retirement age. Projected salary at retirement is increased according to accrued balances at 9-30-12.
 Disability Rates: Age based probability table.
 Retirement Age: Earlier of the age 60 with 10 years of service or the completion of 30 years of service (earlier of age 55 or 25 years of service if hired before 2-1-03). Also, any member who has reached normal retirement age is assumed to continue employment for one additional year.
 Early Retirement: None for future service benefit. For frozen benefit, commencing at the member's eligibility for early retirement which is the earlier of age 50 with 10 years of service or 20 years of service regardless of age. Members are assumed to retire with an immediate subsidized benefit at the rate of 5% per year.
 Cost of Living Adjustment: 3% per year commencing 7 years after retirement for the frozen benefit only.
 Asset Valuation Method: Each year the prior actuarial value of assets is brought forward utilizing the historical geometric 4-year average market value return net of fees. It is possible that over time this technique will produce an insignificant bias above or below the market value of assets.
 Payroll Growth: None.

Statistical Section - Supplemental Information

Statistical schedules differ from financial statements because they usually cover more than one fiscal year and may present non-accounting data. These schedules reflect social and economic data, and financial trends of the government.

The City of St. Pete Beach has had no general bonded debt or revenue bonded debt in the last ten fiscal years requiring sinking fund deposits from general government revenues or other pledged revenues, respectively.

The City of St. Pete Beach's Charter makes no provision for a general obligation legal debt margin.

Schedules of Financial Trends Information

These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.

Notes:

- 1 Beginning in fiscal year 2006, parking meter revenues were recorded as a charge for service in Public Safety - Police rather than in General Government.
- 2 Beginning in fiscal year 2011, parking meter revenues have been recorded as a charge for service in Parking Enforcement rather than Public Safety-Police.
- 3 Beginning in fiscal year 2008, the following departmental changes were implemented:
 - a. Community Development department has been separately presented;
 - b. Library division has been separately presented;
 - c. The Parks and Recreation divisions have been included as part of Public Services.
- 4 Beginning in fiscal year 2010, the wastewater and reclaimed water funds are classified as enterprise funds
- 5 Beginning in fiscal year 2013 the Recreation department has been separately presented and no longer included as a part of Public Services. Fiscal year 2012 has been restated for comparison purposes.
- 6 Beginning in 2014 the guaranteed entitlement portion of State Revenue Sharing is separately presented. Separate presentation for 2013 has been included for comparison purposes.

Note:

The City converted the wastewater and reclaimed water funds from special revenue funds to enterprise funds in FY 2010. Fiscal year 2009 converted for comparison purposes

The City implemented GASB Statement #54 - "Fund Balance Reporting and Governmental Fund Type Definitions" for the year ended September 30, 2011. The fund balance classifications for this year ended September 30, 2010 were restated for comparison purposes.

Schedules of Debt Capacity Information

These schedules present information to help the reader understand and assess the City's debt burden and its ability to issue additional debt.

There are no limitations placed upon the amount of debt the City of St. Pete Beach may issue by either the City Charter or the City's Code of Ordinances, or by Florida Statutes.

City of St. Pete Beach, Florida
 Schedule 11
 Direct and Overlapping Governmental Activities Debt
 As of September 30, 2015

<u>Governmental Unit</u>	<u>Debt Outstanding</u>	<u>Estimated Percentage Applicable</u>	<u>Estimated Share of Overlapping Debt</u>
Overlapping debt:			
Pinellas County School Board Capital Leases (2)	\$ 1,012,473	3.37%	\$ 34,171
Pinellas County Governmental Activities Bonds (2)	11,558,515	3.37%	390,097
Pinellas County School Board (Overlapping) (2)	<u>14,884,000</u>	3.37%	<u>502,332</u>
Total Overlapping Debt	27,454,988		926,600
City direct debt - governmental activities	<u>14,434,191</u>	100.00%	<u>14,434,191</u>
Total direct and overlapping governmental activities debt	<u>\$ 41,889,179</u>		<u>\$ 15,360,791</u>
Total direct and overlapping governmental activities debt per capita (2) (3)			\$ 1,639

Notes:

- (1) The City's share is calculated based on the ratio of the 2014 City Taxable Value of \$ 2,199,230,032 to the County's Taxable Value of \$ 59,650,849,843 and the School Board Taxable Value of \$65,162,815,462.
- (2) The City of St. Pete Beach is not responsible for the debt of the County or School Board.
- (3) 2015 permanent St. Pete Beach population at 9,373.

Other Reports

This section contains the Auditor's Reports required by *Government Auditing Standards*, issued by the Comptroller General of the United States and the Auditor General of the State of Florida

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER
MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

The Honorable Mayor, Members of
the City Commission and City Manager
City of St. Pete Beach, Florida

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of St. Pete Beach, Florida (the City) as of and for the year ended September 30, 2015, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated May 28, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards*

in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S MANAGEMENT LETTER

Honorable Mayor, Members of
the City Commission and City Manager
City of St. Pete Beach, Florida

Report of the Financial Statements

We have audited the financial statements of the City of St. Pete Beach, Florida, as of and for the year ended September 30, 2015, and have issued our report thereon dated May 28, 2016.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Other Reports and Schedules

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*, and our Independent Auditor's Report Regarding Compliance Requirements in Rules of the Auditor General 10.556(10). Disclosures in these reports, which are dated May 28, 2016, should be considered in conjunction with this management letter.

Prior Audit Findings

The Rules of the Auditor General Section 10.554 (1)(i) 1., requires that we comment as to whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings and recommendations made in the preceding annual financial audit report.

Official Title and Legal Authority

The Rules of the Auditor General Section 10.554 (1)(i) 4. requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The City of St. Pete Beach, Florida, is a municipal corporation and operates under applicable provisions of Florida Statutes Chapter 166. The City of St. Pete Beach, Florida has no component units.

Financial Condition

Rules of the Auditor General Section 10.554 (1)(i) 5.a., requires a statement be included as to whether or not the local government entity has met one or more conditions described in Section 218.503(1), Florida Statutes, "Determination of Financial Emergency" and identification of the specific condition(s) met. In connection with our audit, we determined that the City of St. Pete Beach, Florida, did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554 (1)(i) 5.c. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures. It is management's responsibility to monitor the City of St. Pete Beach, Florida's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Annual Financial Report

Rules of the Auditor General Section 10.554 (1)(i) 5.b., and 10.556 (7), require that we apply appropriate procedures and report the results of our determination as to whether the annual financial report for the City of St. Pete Beach, Florida, for the fiscal year ended September 30, 2015, filed with the Florida Department of Financial Services pursuant to Section 218.32(1)(a), Florida Statutes, is in agreement with the annual financial audit report for the fiscal year ended September 30, 2015. In connection with our audit, we determined that these two reports were in agreement.

Special District Component Units

Rules of the Auditor General Section 10.554(1)(i) 5.d., requires that we determine whether or not a special district that is a component unit of a county, municipality, or special district, provided in the financial information necessary for proper reporting of the component unit, within the audited financial statements of the county, municipality, or special district in accordance with Section 218.39(3)(b), Florida Statutes. In connection with our audit, we determined that there were no special district component units.

Other Matters

The Rules of the Auditor General Section 10.554 (1)(i) 2., requires that we address in the management letter any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

The Rules of the Auditor General Section 10.554 (1)(i) 3., requires that we address violations or noncompliance with laws, regulations, contracts or grant agreements, or abuse that have occurred, or are likely to have occurred, that have an effect on the determination of financial statement amounts that is less than material but more than inconsequential. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and State granting agencies, City Commission members, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT
REGARDING COMPLIANCE REQUIREMENTS IN RULES
OF THE AUDITOR GENERAL 10.556(10)

The Honorable Mayor, Members of
the City Commission and City Manager
City of St. Pete Beach, Florida

We have examined the City of St. Pete Beach, Florida's (the City's) compliance with the requirements of Section 218.415, Florida Statutes during the year ended September 30, 2015. Management is responsible for the City's compliance with those requirements. Our responsibility is to express an opinion on the City's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the City's compliance with specified requirements.

In our opinion, the City of St. Pete Beach, Florida complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2015.

Wells, Houser & Schatzel, P.A.
